## Dorothy Murphy Assigned to New Post in Japan

Yokohama—Miss Dorothy H. Murphy, daughter of Mr. and Mrs. Francis P. Murphy, of 255 Church street, Newton, was recently transferred from a position as a Department of the Army employee at Misawa Air Base to one with Eighth Army Special Services.

In her new position as recreational director for one of the Air Force Service Clubs in Japan, Miss Murphy will be responsible for planning and executing a well-rounded recreation program for airmen assigned to the base. First arriving in Japan in April 1948, Miss Murphy had been assigned as clerk-stenographer at the air installations office at Misawa Air Base until her recent transfer.

Prior to coming overseas, Miss Murphy was employed by the Tyler & Reynolds Co., in Boston, as secretary. Before this she had worked with the Mass. Hospital Service, in Boston.

Miss Murphy attended high school in Newtonville, and received her AB from Tufts College, Medford, Class of '45. She also attended Hickox Secretarial School, in Boston.

## Director of Scotland Royal Infirmary Gives Talk Here

Guest at the Newton Nutrition Center last week was Miss Anna E. Buchan, Senior Dietitian and Director of the School of Dietetics of the Royal Infirmary in Edinburgh, Scotland. Miss Buchan, here on a three months' Rockefeller Foundation sponsored, tour of nutrition centers here and in Canada, was directed to Newton as one of the communities most advanced in the field of nutrition education.

In a general comparison of methods here and abroad, nutritionists at the Newton Center were astonished at the still meager diet of the Scots. Although Miss Buchan felt that the food situation there has definitely improved, residents are still allowed only 10 pence (approximately 8 cents) worth of meat each two weeks, one egg every two weeks, 1 to 3 ounces of cheese weekly, 4 ounces of margarine, 2 ounces of butter, and 2½ pints of milk.

People over there are urged to fill up on potatoes and fish as much as possible in order to fill in the gaps. Their biggest diet problems at the clinic, she said, are the people who must lose weight and are unable to get enough non-fattening food to keep them from being hungry. Special rations are provided for

## Marriage Rate Recedes Here

A sociological curve now being manifested throughout the nation was evidenced in Newton, in recent statistics released by the City Clerk's office.

The city officials revealed that marriages here have been decreasing since 1946 and that during 1949 they reached the lowest ebb, when only 870 couples filed marriage intentions, as contrasted with 1035 filed in 1947 and 1107 in 1946, when the peak point of marriages of young veterans was recorded.

June brides still dominate the marriage picture, the registrar declared, regardless of the year or vital statistics.

## Minor Breaks Reported Here

Thieves were reported active this past week, but realized little loot as a result of their unsocial activities.

The recent break at the Day junior high school yielded but \$1.60, according to Ralph H. Morse, school principal.

An attempted burglary was reported at the Andover-Newton Theological School, Newton Center, on last Tuesday night.

Police found evidence that marauders had attempted to jimmy an outside screen but apparently had been frightened away before making entry.

An investigation is also being conducted into a reported theft of jewelry and a small amount of cash from the home of Bert Rabinowitz, 130 Boylston street, Newton Centre. The local resident told authorities that he discovered the loss when he recently returned from a Florida vacation trip.

## Homer Whitford To Give Address

Homer Whitford will address members and guests of the Social Science Club Wednesday morning, January 11, at the Hunnewell Club. The subject of his talk will be "Recent Developments of Music Therapy." Hostesses will be Mrs. T. Edson Jewell and Mrs. Beeuwkes.

AMID A CHORUS OF CONGRATULATIONS, two very well-known and highly-esteemed post office workers here were honored by their friends and fellow workers at a recent party held to fête them on their retirement. ## Two Post Office Workers Are Honored On Their Retirement

Two faithful employees of the postal service were recently honored here by their fellow workers at festivities held on the occasion of their retirement.

Charles Laffie, Parsons street, West Newton, assistant superintendent of the Newton Center Post Office, and John C. Fay, of Newtonville avenue, Newtonville, a carrier at the same post office, were the two men so feted, as both retired from government service at the beginning of the new year, after long terms of conscientious service.

Mr. Laffie first joined the post office department in December of 1902, and his 47 years service has included assignments as carrier in West Newton, foreman of carriers for 10 years in Boston, and as assistant superintendent of the Newton Center branch for the past ten years.

Entering the postal service in January, 1907, Mr. Fay's first assignment was at the Essex Street Station, Boston. For the past fifteen years he has been carrier of a route through the Oak Hill section of Newton Center.

Frank Mitchell presented the retiring workers with a purse on behalf of the employees of the Newton Center Post Office. Community singing was led by the well-known baritone, Charles Kelleher.

The ceremonies were conducted by John Walsh Sr., an officer of the Mutual Association.

HELEN KENYON

## Helen Kenyon to Speak at Local Church Luncheon

Miss Helen Kenyon of New York City, nationally known Congregational Christian lay woman and first woman Moderator of the General Council of Congregational Christian Churches, will speak Wednesday afternoon, January 11 at the 1 p.m. luncheon meeting in the Second Congregational Church of West Newton.

The post of Moderator is the highest honorary position in the power of the Congregational Christian Churches to bestow upon a member.

Miss Kenyon was the first woman Chairman of the Board of Trustees of Vassar College; the first woman Chairman of the Missions Council of Congregational Christian Churches; and now she is the first woman Moderator of the Congregational Christian Churches.

For years Miss Kenyon has been a leader in both local and national church work. She was a director of the Congregational Christian Board of Home Missions from 1938-1948. For two years she was Chairman of the Missions Council, the joint promotional and educational unit of the home and foreign boards of her denomination. During the past three years Miss Kenyon has been especially interested in raising funds for the establishment of new churches in new communities, a task which has taken her on speaking and promoting tours from coast to coast.

A confirmed believer in church unity Miss Kenyon is a strong upholder of the projected union of the Congregational Christian and the Evangelical and Reformed Church.

## Junior Community Club Meets Jan. 9

The first meeting of the 1950 season of the Newton Junior Community Club will be held Monday, January 9, at the Rebecca Pomroy House, Hovey street, Newton.

Guest speaker of the evening will be Dr. Arthur B. Norley who will present movies taken on his recent tour of the South. Refreshments will be served under the direction of Mrs. James Dwyer.

RETIRING after 28 years service with Eastern Gas and Fuel Associates Howard M. Waybright of Newtonville, left, general traffic manager, receives the best wishes of Halldan Lee, president of Eastern Gas and Fuel Associates, at a luncheon in his honor December 29th.

## Howard M. Waybright Retires After 28 Years of Service

Howard M. Waybright of 31 Bemis street, Newtonville, general traffic manager of Eastern Gas and Fuel Associates, who retired December 31 after 28 years' service with the company, was honored recently by his business associates at a luncheon in the Hotel Statler, Boston.

Halfdan Lee, president of Eastern Gas and Fuel Associates, headed the group of company officers paying tribute to Mr. Waybright. A native of Trotwood, O., Mr. Waybright was associated with the general passenger and freight traffic departments of the Pennsylvania Railroad for 20 years before joining predecessor companies of Eastern Gas and Fuel Associates in 1922. He came to Boston in that year as manager of the traffic bureau of the Massachusetts Gas Companies, New England Fuel and Transportation Company and New England Coal and Coke Company. These companies later became parts of the Eastern Gas and Fuel Associates' organization. Mr. Waybright served as traffic manager for the Boston office of Eastern Gas and Fuel Associates.

## Will Hold Tax Line, Mayor States At His Inauguration

### Tax Collections At High Point

An optimistic report on a goodly amount of cash on hand in the city treasury, due to high tax collections, was issued this week by Archie W. Whitman, city collector and treasurer.

Stating that the city now has available several million dollars, the city official declared that he expects a longer period to elapse this Spring than in the two previous years before tax-anticipation borrowing.

### Board Reserves Decision on Plea For Code Variance

The petition of the H. and M. Construction Company, of Jamaica Plain, for a variance of the building code, to permit the construction of a garden-type apartment block on Charlesbank road, Newton Corner, was recently taken under advisement by the Board of Appeals.

The company's request for a building permit had been previously denied by Building Commissioner Arthur Campbell on the basis that the specifications filed did not coincide with the city's building code.

The board's decision is expected the latter part of the week.

### Local Woman Hurt In Crash

A Newton resident, Mrs. Rose Byrne, 53, of 25 Day street, was shaken up, last Tuesday night, when a streetcar was involved in a collision with an auto, at the intersection of Commonwealth avenue and Washington street, Allston.

The auto, driven by John J. Kelley of Boston, was pushed against a street pole by the force of the impact and was badly damaged.

Mrs. Byrne declined medical attention, but three other passengers, residents of Brighton, were treated by an Allston physician.

### File Appeals for All-Liquor Permits

Appeals have now been filed with the Mass. Alcoholic Beverages Control Board by two Newton cafes whose applications for all-alcoholic liquor licenses were rejected by the Newton License Board.

The Newton Grill, 267 Washington street, Newton, and Bob's Lunch, 1385 Washington street, West Newton, have asked for a state hearing on their appeal from the local decision. No time for the date of these hearings has as yet been announced by the state board.

Their present licenses permit the serving of wine and beer only. They similarly appealed last year but their appeal was not sustained at that time.

### Dr. Van Waters Speaks in Waban Monday, Jan. 9

Dr. Miriam Van Waters, Superintendent of the State Reformatory for Women in Framingham, will be guest speaker at the Waban Woman's Club regular meeting, Monday at 2 p.m.

Dr. Van Waters, one of the ranking penologists of our time, has achieved an international reputation as an authority on the rehabilitation of the woman offender.

A short business meeting will precede the program followed by a social hour.

### To Speak on Red Feather Services

The monthly meeting of the West Newton Alliance will be held Wednesday in the Alliance Memorial Room, West Newton Unitarian Church. Luncheon will be served at 1 p.m. and the meeting at 2. The speakers, Miss Helen I. Sandstrom of Pomroy House, Miss Hilga Nelson of the District Nursing Association, and Mrs. Katherine Holden of the Family Bureau, will familiarize Alliance members with important Red Feather Services of their community.

### Stressed Sound Financial Position Of City and Surplus in Treasury

(Mayor Lockwood's Inaugural Address on Page 6)

Despite the increased cost of running a municipal government, as city expenses have gone up in the ratio of heavier home expenses, a strong pledge to "hold that tax line" was given the people of Newton by Mayor Theodore R. Lockwood in his inaugural message at City Hall ceremonies last Monday afternoon.

Again stressing a recommendation he had previously voiced, Mayor Lockwood, as he begins his second two-year term, declared that he would recommend that a uniformed force of women be added to the Police Department to aid its members in handling school traffic "and related duties which have required much of the time of the regular force."

The chief executive also stated he would recommend a five-day week for the regular members of the police force; a 40-hour week for the city laborers; a full-time city physician; and the appointment of a city traffic engineer.

"The financial condition of the city is excellent," affirmed Mayor Lockwood, as he pointed out that the total bonded debt of \$7,889,000 figured \$40.12 per \$1000 valuation as compared with \$54.60 for a 50-year average.

In a candid and documented account of his stewardship, the mayor expressed gratification with the work of the reactivated Public Works Department; the efficiency of the comptroller; commended Ashley G. Robinson, city engineer; and reviewed in constructive terms the work of various other city departments.

"The sustained activity of the various departments and boards of the city has resulted in growth and improvement such as to warrant unusual commendation which I gladly extend to all."

The Board of Aldermen and the School Committee have found many serious and engrossing questions calling for early, practical and cooperative solution. Both boards should be thanked for their capability and the devotion shown," declared the mayor in his message to the people.

The mayor revealed that a study is now being made of a plan for increased compensation for members of the fire department based upon length of service and merit.

He also urged the appointment of an assistant city clerk in order to relieve "the proper Mayor."

tionately greater burden upon this department."

The city surplus on December 31, 1949 was estimated at \$900,000, the mayor disclosed, as he related the successful efforts in having a larger amount of accumulated income tax funds released to the city by the state.

**Solemn Ceremonies**  
The mayor and his suite were conducted into the Aldermanic Ceremonies by Aldermen Kenneth E. Prior and Edward A. Fahey and Mrs. Irene K. Thresher of the School Committee.

Judge Thomas Weston, of the Newton District Court, administered the oath of office to the mayor, and a prayer was offered by Rev. Ray A. Eusden of the Eliot Congregational Church. Former Mayor Edwin O. Childs was also a member of the mayor's suite.

Mayor Lockwood thereupon administered the oath of office to the Aldermen and the members of the School Committee in a body.

All told, 21 members of the Board of Aldermen and seven members of the School Committee were sworn in for two-year terms.

Alderman Wendell Bauckman was elected president of the board, and Alderman Ernest G. Angevine was named vice-president of the board.

The new Board of Aldermen consists of Wendell R. Bauckman, Edward A. Fahey, Carlton P. Merrill 2nd, Riley J. Hampton, William R. Mattson, Ernest G. Angevine, Kenneth E. Prior, Franklin K. Hoyt, Earle D. Wood, Edwin A. Terkelson, Julian D. Anthony, Henry S. Middleford, Winfield C. Anderson, and John C. Beale, all at large; Leo M. Cannon, Arthur S. Scipione, Joseph B. Davis, Harold B. Buse, Clyde S. Casady, Stanton J. TenBroeck Jr., and Paul S. Rich, ward aldermen.

The board also elected Archie Whitman for a one-year term as city treasurer and collector, and Frank M. Grant was re-elected to his 14th three-year term as city clerk.

James B. Palmer was elected chairman of the School Committee at a meeting of that group.

**Other Message Highlights**  
In his carefully planned address, Mayor Lockwood spoke highly of the heart clinic which had been established at the Newton-Wellesley Hospital;

of the school courses for retarded and handicapped children; of the attempt being made to eradicate pollution of the Charles River; and of the many splendid services which had been rendered by men in public life in the past, and of the wholehearted cooperation by all the organizations in the city in civic ventures and undertakings.

**"No Merger" Declaration**  
Voicing strong opposition to any union plan with Boston, Mayor Lockwood made a plea to residents of Newton "to assist in preventing Newton from being merged with the City of Boston."

"Just about every twenty years an effort is made to develop a unification of Greater Boston through the annexation of nearby cities and towns. At this time, bills have been presented to the Legislature to this end. Your Mayor seeks the assistance of your honorable boards and all interested citizens to prevent Newton from being merged with Boston. Ample arguments deny the wisdom of such action."

"The city is in excellent financial condition and our present endeavors are to keep the same low tax rate," was the dominant note that resounded like an organ point throughout the sustained mayoralty address.

## Draw Five for Superior Court Jurors Monday

The names of five Newton men were drawn for jury duty by the Board of Aldermen Monday night. They will serve as Traverse Jurors in the Superior Court in Cambridge, Monday, February 6.

Alderman Winfield C. Anderson drew the names of Joseph L. Goodman, 93 Cedar street, Newton Centre and Arnold H. Canner, 46 Bishopsgate road, Newton Centre for the first session of civil business.

Drawn for the second session of civil business by Alderman Julian Anthony was the name of James M. Kennelly of 21 Washington park, Newtonville.

The names of Dudley Hovey of 11 Fairfield street, Newtonville and James B. Cunningham of 80 Algonquin road, Chestnut Hill, were drawn by Alderman Ernest G. Angevine for the first session of criminal business.

The many friends of Mrs. Earle D. Wood will be glad to know that she has sufficiently recovered from her recent illness to be out again.

## Dealers Display New Cars in Newton

Today many of the automobile dealers in Newton are displaying their new beautiful 1950 models. They are all something new for everyone to see. Why not take time to go to the dealers showing new cars and see the newest cars available in perfection in design, engineering and beauty. Best of all, most of the cars are lower priced this year.

**Oldsmobile:**  
On display at Frost Motors Inc., 399 Washington street and Newton Centre Garage, 792 Beacon street.

The new 1950 Oldsmobile "Futuramic Fleet" is composed of nineteen models in three new series. There are seven 6-cylinder Series "76" models, powered by the improved "Big Six" Engine of 105 horsepower. The "Rocket" powered Series "98" is offered in five models. All models offer a new variety of colors.

**Chrysler:**  
On display at Jurad & Norwood Inc., 667 Washington st. The 1950 line comprises the following body styles, divided among six models:  
Royal (six-cylinder) — Four-door sedan; club coupe; station wagon; eight-passenger sedan.  
Windsor (six-cylinder) — Four-door sedan; club coupe; convertible coupe; eight-passenger sedan; eight-passenger limousine; "Newport" special club coupe.  
Saratoga (eight-cylinder) — Four-door sedan; club coupe.  
New Yorker (eight-cylinder) — Four-door sedan; club coupe; convertible coupe; "Newport" special club coupe.

Town and Country (eight-cylinder) — "Newport" special club coupe.  
Crown Imperial (eight-cylinder) — Eight-passenger sedan; eight-passenger limousine.

Entirely new in the line is the "Newport" offered in the Windsor, New Yorker and Town and Country.

**Dodge:**  
On display at Boyes Motor Co. Inc., 624 Washington street and C. S. Collins Inc., 718 Beacon street.

The new 1950 Dodge is, "Coming or going... smarter than

ever." It has a new high compression get-away engine that makes for easier and smoother driving. Despite the fact that it is lower on the outside it has more head and leg room than ever before. All models are available in all the new colors.

**Oldsmobile:**  
The 1950 models are on display at the Newton Buick Company, 371 Washington street.

The Buick is bigger and roomier than ever. It has a one-piece curving windshield on most models that makes for better safety vision. The prices on Buick have been reduced and also the Dyna-Flo which is standard on the Roadmaster model but optional on all others — is 20 per cent less than last year's prices. As is said, "When Better Cars are Built Buick will Build them."

## To Give Talk on Buttons January 11

Buttons like people have fascinating stories behind them. The study of buttons has developed for Mrs. Graham into not only an amusing hobby but has prompted her to write books on the exciting history of buttons. Thus it is only natural that Mrs. Graham should choose as her topic "Buttons Led to Books" for her presentation to the Auburndale Woman's Club at their next meeting January 11 at 2:30 p.m. at the clubhouse. Mrs. Wm. W. Edson, day chairman, will introduce the speaker.

Mrs. Keith C. Parris, president, will conduct the business meeting at 2 p.m.

The coffee hour will be at 1:15 p.m. Mrs. Frederick F. Murphy, hostess, will be assisted by Mrs. Robert C. Caldwell, Mrs. George A. Felch, Mrs. Frederick E. Ferris, Mrs. Malcolm N. Jackson, Mrs. J. Victor Jordan, Mrs. Frederick Joyce, Mrs. Wm. P. Hubbert, Mrs. Walter B. Rector, Mrs. George B. Thompson Jr., Mrs. Wm. F. White, Mrs. Louis H. Young, and Miss Florence J. Hart.

The Literature Committee will hold its first meeting at the home of Mrs. Paul H. Tardivel, 59 Maple street, January 6 at 2:30 p.m. Tea will be served. It will be a stimulating and informative meeting.

The Drama Committee will meet at the home of Mrs. Edwin C. Harkins, chairman, 188 Islington road, January 13 at 1 p.m. They will read the three-act comedy, "The Late George Appleby." Tea will be served.

**Newtonville**

Mr. and Mrs. Robert R. White III of Rochester, N. Y., spent part of the holiday vacation with Mrs. White's mother, Mrs. Raymond Newcomb of 107 Atwood avenue. Mr. White is attending Rochester University Medical School, and Mrs. White is a member of the faculty, in one of the public schools.

Mr. and Mrs. John Drake of 62 Sheffield road were hosts at a cocktail party at their home on December 31. The decorations were of red and white double carnations with vases of gladioli on the winding staircase. An accordion player strolled among the guests throughout the afternoon.

Group 4 from the W.S.C.S. of the Methodist Church, Mrs. E. E. Cvecord, chairman, will meet with Mrs. Frank M. Simmons, 6 Briar Lane, Monday afternoon. Mrs. E. R. Movers and Mrs. Harriet Ricker will be the assisting hostesses.

The Rev. Edgar Hugh Chandler and Mrs. Chandler (Ruth Doggett formerly of California street) with their five children, sailed on the Queen Elizabeth Dec. 29 for England with Munich their destination for six months. Where Mr. Chandler will work with the Displaced Persons project. Their final stop will be Geneva, Switzerland, where Mr. Chandler will carry on his regular work as a director of Church World Service in the Congregational Church.

Forty-seven per cent of the enrolled students in Newton Junior College in the freshman class are non-residents, the most distant community represented in this class being Rockport. Newtonville is the best represented of the Newtons with its nine students, and Newton and West Newton each have eight. Newton Centre five, Auburndale four and Newton Highlands one. The college is the only public school institution in the state.

Maurice Korinow has purchased the two family house at 9 Arlington street where he now resides, from Mrs. Ruth Limperis.

## Star of Brigadoon Guest of Music Club at H. School

Hayes Gordon, young male lead of the Cheryl Crawford musical production, "Brigadoon," conducted an open forum on various aspects of the Theatre when he visited Newton High School as the guest of the Music Club at its January 3 meeting. All inquiries and requests came from the audience which included approximately 700 high school students, parents, administrators, and teachers.

Mr. Gordon told of his personal amateur theatrical background which revealed his interest in science. When asked his formula for success, Hayes Gordon advocated the following steps:

1. Secure a broad education.
2. Write to reputable agents and producers to arrange auditions.
3. Obtain experience in a road company, if possible.

The young star expressed the view that "unless a certain thing happens to the American Theatre, it will become something of the past to be revived years later." He added that this specific thing is "decentralization of the Theatre from one city." This type of art should "spring from the grass roots of the entire country, not from New York, exclusively." Mr. Gordon further explained that the New York Theatre has become a business, not an art; there is little room for experiment. He predicted that while the Theatre continues to exist as an extension of business, it has a poor and limited future.

Following the discussions, Mr. Gordon sang selections from "Oklahoma," "Brigadoon," and "Showboat." He was accompanied on the piano by Mr. Henry Lasker, faculty adviser of the Music Club.

At the conclusion of the meeting Hayes Gordon signed autographs in the high school social room and continued the discussion with particularly interested students and adults. Among those present at the meeting were Mr. Harold Gores, Superintendent of Newton Schools, Mr. Raymond Green, Principal of Newton High School, and Dr. C. Elwood Drake, Asst. Principal of the high school.

Miss Tung Kwong-Kwong, Chinese pianist, who has performed at Jordan Hall and at Pop's, will be the guest of the Music Club at its next regular meeting, January 27.

Mrs. Arthur Hancock of Sharon, formerly of Auburndale, is spending the winter at Jensen Beach, Fla.

## Skating Areas by No Means Safe Yet

The Newton Recreation Commission has issued a warning to all parents and children in the Newtons to refrain from attempting to skate until such time as the Recreation Department officially opens these areas for public skating.

The recent cold snap has been insufficient to provide the necessary thickness of ice to allow for public skating. The Recreation Commissioner advises all persons that all Newton ponds were open water until Thursday night, December 29th, and it will require three to four nights of freezing weather to provide a proper ice surface.

## Files Measure to Amend Tax Powers Of U. S. Congress

A local member of the General Court was among four state legislators who recently filed bills aimed at amending the federal constitution in order to effect the distribution of federal funds to the various states, and also to limit the tax powers of Congress.

Rep. Howard Whittemore Jr., of Newton Highlands, co-sponsored the resolution with Senator President Harris S. Richardson of Winchester, Rep. Charles Gibbons of Stoneham, Republican floor leader, and Rep. Theodore J. Vaites of Melrose.

In this bill a distribution formula based largely on population is asked, as well as the use of a certain percentage of federal revenue to pay the national debt.

Rep. Vaites estimated that funds allotted to Massachusetts would be \$262,000,000 under the new form of distribution, compared to the present figure of \$40,000,000.

Also included in the resolution was a statement to the effect that the federal government has exceeded "legitimate necessity" in its taxing power, invading the tax sources of the states.

The measure already has been adopted by Michigan, but the approval of 32 states is necessary before a constitutional convention can be called.

The proposals contained in the resolution would then require ratification by the legislatures of three-fourths of the states.

The Rev. Hamilton M. Gifford of the Methodist Church spoke on "Timeless Living" Sunday morning at 10:40. Music was under the direction of Paul C. Anderson, organist.

## Stake in Rehabilitation of Europe

Herbert Gezork, Ph.D., D.D. will speak on "America's Stake in the Rehabilitation of Europe," at the monthly meeting of the Newton Centre Woman's Club at 3 p.m. January 13.

Born and educated in Germany, Dr. Gezork came to this country as a voluntary exile in 1936. Since 1939 he has been Professor of Social Ethics at Andover-Newton Theological School, and Lecturer at Wellesley College. He spent the years from 1945 to 1948 in Europe under assignment of the War Department, studying the effects of the war on the civilian population of Germany. His work involved close collaboration with the other allies occupying Germany and with German politicians and religious leaders.

With his background Dr. Gezork is particularly well-qualified to speak on World Affairs.

# Mayor Lockwood's Inaugural Address

In current municipal life situations change constantly and events move quickly, even within a period of two years. The ambitious program set forth by this administration has not only been carried through, but many added necessary developments have been incorporated in it. The three outstanding factors have been the continuing growth of the population, the large amount of new construction and the accelerated birth rate. These factors have called for prompt compliance with supplying new street, sewer and water facilities, along with schools, health and protective services.

Newton has shown an outstanding growth. The current population of 84,000 is 2 1/2 times the population of 1900. In the same period, valuations rose 3 1/2 times to over \$200,000,000. These rapid changes present many problems which are further complicated through the City being made up of 14 different villages.

The sustained activity of the various departments and Boards of the City has resulted in growth and improvement such as to warrant unusual commendation which I gladly extend to all. In this period the Board of Aldermen and the School Committee have found many serious and engrossing questions calling for early, practical and co-operative solution. Both Boards should be thanked for their capability and the devotion shown.

**FINANCE**  
The financial condition of the City is excellent. The total bonded debt of \$7,889,000 on December 31, 1949 figures, \$40.12 per \$1,000 valuation against \$54.60 for a 50 year average. The City surplus is conservatively estimated at \$900,000 on December 31, 1949. During 1949 the Massachusetts Mayors' Association and the Selectmen's Association, assisted by the Taxpayers' Association, and by a resolution passed by the Newton Board of Aldermen, were successful in having a larger amount of accumulated income tax and corporation tax funds held by the State released to the cities and towns.

Under the guise of an aid to education, to cities calculated to need school funds greatly, the Legislature recently enlarged its formula for the distribution of income tax and corporation tax funds collected by the State. This change cost Newton this past year \$257,000. While other

cities borrowed for the purpose, Newton paid \$126,000 for the M.T.A. deficit in 1949. Non-contributory pensions, as liberalized by recent Legislatures, cost the City an additional \$33,683.50 in 1948 and a further \$44,226.85 in 1949, making a total of \$162,523.02 to be paid annually on this one item.

**COSTS**  
Total governmental costs are up in 1948-49 because the curtailing of expenditures in the thirties, due to heavy welfare load, caused buildings, streets, and equipment to run down. Then during the war years, both materials and manpower were short, but in 1948-49, with prices of both highly increased, everybody has wanted everything.

While finance costs in connection with bond issues increased in many cities, Newton maintained its high position in financial strength and its enviable low rates. Whereas in 1947-95% of cities voting on bond issues approved them, in 1948 only half of the issues voted on were approved, indicating a growth of caution further emphasized in 1949.

Controls operated by the Comptroller have become worthy of the name, and will steadily prove more vital to City costs and economies. All purchases are encumbered systematically preventing orders being placed without appropriations. All bills are discounted or paid on vendor's terms, which increase the City's popularity as a customer. The cash discounts on bills paid in 1950 will amount to several times the Comptroller's annual salary.

During the year 1948 bills which should have been remitted in 1944 were paid totaling \$6,358, and additional 1944 bills totaling \$41,839 were paid in 1949. As these appropriations must be calculated in fixing a tax rate, we are facing 1950 with \$400,000 less appropriations "after the budget" than in 1947. Present endeavors are to hold the same low tax rate as last year.

It is planned to make further savings by issuance of duplicate tax notices to the taxpayer, to avoid necessity of returning of the bookkeeping system constantly reflecting excellent cooperation between Treasury and Accounting Departments.

**PUBLIC WORKS**  
One of the marked changes in the City organization has been

the reactivation of the Department of Public Works, headed by its Director, Willard S. Pratt. From the beginning of his term, the Director has performed a Herculean task in solving many important problems, often of large size, yet constantly effecting economies in the departments under his supervision.

Early revision of snow and ice removal methods, including equipment studies and the addition of radio in runners' cars, has developed a new efficiency and economy, and promise well for future performance. Assistance of value in this study was contributed by the local Society of Engineers.

The complete supervision of the land development of the Oak Hill Park Veterans' Project was a complex undertaking, which called for great experience, skill, leadership and devotion. The accomplishment was consummated in a relatively short time with a minimum of error, under great handicaps, due to the necessity of speed—and at low cost.

Newton embraces an area larger than Cambridge, Somerville, Belmont and Watertown combined, with some 300 miles of streets, divided into three geographical Street Department divisions, each of which is larger than Brookline. Never before in a comparable period has so great a mileage of streets been built, reconstructed and resurfaced as has occurred since January 1, 1948. Since that date over 12 miles of streets have been reconstructed, 9 miles of newly added streets finished, and over 53 miles of surfaces treated. That surface treatment is as important to streets as soles are to a pair of shoes.

Much of the complaint in connection with streets arises from unaccepted streets, the condition of which is not a responsibility of the City. Approximately half of the unaccepted streets taken over and completed had been used from 40 to 50 years prior to acceptance. It is hoped that a liberal reconstruction program will continue as before.

Real activity has taken place at the end of 1949 in connection with off-street parking, which will be progressively followed through in Newton Corner and Newton Centre. The need for additional entrance and egress at Oak Hill Park should promote early approval and completion of Saw Mill Brook Parkway by the Metropolitan District Commission.

Special studies should be made of street lighting, which has become a costly item, efforts being made toward economy, efficiency, and in the direction of safety. The appointment of a Traffic Engineer, sought in previous budgets, would aid materially in such a study. Much improvement could be expected in lighting, safety and parking problems.

The Quabbin Tunnel is nearing completion, as are arrangements, long under way, to enable Newton to take water from the Metropolitan District Commission. Against an average daily use of water of 6,000,000 gallons in 1948, during the drought in the summer of 1949 consumption reached practically 16,000,000 gallons per day. This required installation of a large additional main on the south side of the City, at a cost of \$100,000 to maintain pressure in that section. That installation, delayed as to pipe on account of the steel strike, is expected to be completed shortly. Numerous other changes in water circulation have been made.

**OAK HILL PARK**  
Only two years ago a large area on the south side of our city stood as an indescribably rough section, largely the remains of an abandoned gravel pit. Today, that area, formerly of negligible value, has been developed into a finished Veterans' Housing Project, which forms the envy of cities and towns well beyond this State. Great credit should be given to Carl C. Mullen, commissioner of the Veterans' Housing Department, and to his two associates, Warren W. Oliver and Fred H. Hawkins, as well as to Edward J. Kivell, clerk of the works, through whose untiring efforts the buildings were carried to an excellent state of completion.

During the past two years the Veterans' Service Department has arranged for military rites

for 70 World War II veterans, whose bodies were returned to Newton from foreign soil. Greatly increased interest in Memorial Day exercises has developed. An active demand exists to the end that the Memorial Building may include a means of preservation of a permanent Honor Roll of the citizens participating in World War II and that cyclorama be added illustrating the scenes of World War II and including a scene of the Spanish War period. Veterans stand ready to assist in organizing a permanent Civil Defense or Disaster Relief Unit to meet any emergency within the city. A special interest exists to erect a building nearby to house Public Health, Public Welfare and Veterans' Services Department in connection with which Federal Funds are available. In December of 1949, Norman J. Mitchell succeeded Andrew Prior as registrar of Civil Service Labor.

**SCHOOLS**  
The interest in Newton's Public Schools is reflected in their high total costs. Whereas the population has grown 2 1/2 times in 50 years, the total school outlay has grown 12 times and the cost per pupil to 7 times the cost in 1900. In the past 10 years alone the birth rate has increased 44 percent while the actual number of births increased 81 percent from 862 in 1939 to 1558 in 1948. Newton's birth rate figures only 18 per 1,000 versus a national birth rate of 24 per 1,000. In addition, we have many new families from other parts occupying newly constructed Newton homes.

The city accordingly has made substantial progress in the school building program. The completion in 1948 of the large new wing on the Technical High School enabled consolidation under one roof of the various Trade School departments. Following this, the Williams School, Franklin School addition, Veterans' Memorial School, and Ward School addition were started in 1949 and will be completed in 1950, the additions mentioned being nearly ready. Plans are completed on one other school, and are being prepared for three additional school buildings.

The program for improved lighting in the schools, and the modern treatment of older buildings by the use of the so-called Harmon technique of painting have attracted the thoughtful attention of other school systems in New England. The fact that attention to the needs of individual children and maintenance of high standards of scholarship, as hailed in Newton Public Schools, is of wide national interest, is attested by an extended feature article that appeared in the Saturday Evening Post last month. Another national publication devoted an important article this past summer to the city's efforts through the schools to detect and alleviate the handicap of impaired hearing in children.

Attention is called to the resignation of Dr. Homer W. Anderson, who has served ably as superintendent of schools, and his highly interesting appointment to the faculty of the Harvard Graduate School of Education. The immediate appointment of Harold B. Gores to succeed Dr. Anderson as superintendent of schools has met with uniform favor, and forecasts a high degree of cooperation with other branches of the government.

**HEALTH DEPARTMENT**  
During the past two years the

Health Department has pioneered and assumed the leadership in many phases of Public Health. After investigation of several cities, Newton was chosen by the United States Public Health Service as best for a heart demonstration program, first because of the fact that Newton has a full-time, experienced medical health officer in Dr. Ernest M. Morris, and secondly, because of the facilities afforded by the City of Newton. Under the stimulus of an elaborate program, the Cardiac Clinic at the Newton-Wellesley Hospital is being enlarged to meet local requirements and the highest standards of care and treatment. Immediate future plans include the development of a Cardiac Rehabilitation program to make as many as possible of the patients self-supporting.

This Heart Program is the first of its kind ever attempted anywhere and another progressive characteristic added to an outstanding Health Department. This department has assisted ably in steps to prevent continuation of pollution of the Charles River and it is hoped that very practical results will appear in the immediate future, so that citizens of Newton will soon be able to better enjoy the recreational facilities of the river.

**ASSESSING**  
In the early part of 1948 the city suffered the great loss by death of the chairman of its Board of Assessors, John W. Murphy. Mr. Murphy was an exemplary public servant who had long served with authority and had the respect and high regard not only of our Newton citizens, but of those in his field of work throughout the State. John D. Wright was appointed and succeeded Mr. Murphy as chairman of the board.

The total of taxable and non-taxable property in Newton is now close to \$250,000,000. The gain in valuations for the past two years is \$21,972,200, the largest in two consecutive years on record, due to extensive post-war building operations.

Considerable irritation develops from assessment of personal property taxes, which are handled in accordance with State Law. If another source of revenue could be found, the assessors doubtless would recommend it. As the matter is one for legislative action by the State, efforts toward change should follow that direction.

I again commend to the Board of Aldermen the very serious problem of conversion of larger type homes into two or more apartments under control and regulation with regular inspections and operation under a certificate of occupancy. Concealed, illegal occupancy of third floors presents constant risks which should be effectively eliminated.

Generally speaking, no one criticizes the tax rate, and exceedingly few criticize current assessments. All, however, lament the size of any local tax bill so long as they have Federal taxes six times as large, for the Federal still takes 76 percent of the total tax bill compared with 13 percent for the cities and towns. It is well stated that the cities and towns, the smallest political subdivisions, are nearer to the people and the best governed.

**PLANNING BOARD**

The Planning Board has served effectively in many ways during the past 10 years and has been especially helpful in its function as a long-range planning board in influencing financial plans of the city over the extended future. George W. Sweet served efficiently as chairman and was succeeded in 1948 by John W. Keller. Ralph L. Weston was succeeded by Theodore H. Oakley and William J. Payne succeeded Mr. Sweet as a member of the board. A major study as to zoning throughout the city is being made at present under supervision of Professor Frederick J. Adam of Massachusetts Institute of Technology.

**LAW DEPARTMENT**  
In the middle of 1949 the "dean of City Solicitors," Joseph W. Bartlett, who had filled that position in outstanding reliability and widely acknowledged ability, retired from office, and was succeeded by Matt B. Jones, Jr., the former assistant city solicitor. Mr. Bartlett served the city nearly 30 years and the problem of

the last few years called for untiring effort and responsibilities of a constantly expanding nature.

## CITY CLERK

With the large growth of the city the multitudinous duties of the City Clerk have expanded and placed a proportionately greater burden upon this department. Despite the efficiency of the City Clerk it is urged that capable assistance be added to relieve a situation of long standing.

## POLICE DEPARTMENT

The people of the city mourned the loss of William P. Mahoney, acting Chief of Police in August, 1948. He was a public servant of high reputation and constant devotion. He was succeeded by Philip Purcell, the present chief. Additional motor vehicles have been supplied, involving a revised method of patrol and providing more an better protection than ever before. The capture of two burglars in July, and two more in the Farlow Hill section recently, indicate proof of efficiency.

The increase of nearly 50% in mileage has been made at slight additional cost. The Department has reached full strength for the first time since World War II. Cruising cars today are equipped with fire extinguishers, as well as with first aid kits and accident equipment. Many favorable reports came from appreciative citizens. It is the intention of the Mayor to recommend a five-day week for the regular members of the Police Force, in connection with which change the further recommendation will be made that a uniformed force of women be added to handle school traffic and related duties which have required much of the time of the regular force. Plans are being drawn for a new Police garage, expected to be constructed in 1950.

## SEALER

Andrew Prior, who served the City of Newton from 1903, passed on to his reward on October 29, 1949, having served as Sealer of Weights and Measures 41 years, with reliability and distinction. The City is indebted to J. Frank Ahearn, Sealer of the Town of Watertown, as an important aid, following the death of Mr. Prior, and while J. Ellis Bowen is acting in a temporary capacity. There is need that the City provide for a Deputy Sealer regularly, due to the great expansion of work in this Department.

## FIRE DEPARTMENT

Another important change took place in the Fire Department when Chief John L. Keating retired on February 5, 1949 due to ill health after twenty-seven years' service. He was succeeded by John E. Corcoran, the present Chief, on May 2, 1949.

Due to shorter hours and greatly expanded membership, the expenditures of this Department have increased enormously in recent years. In ten years the force has more than doubled and the cost has increased proportionately. The Department has an excellent reputation for efficiency, painstaking service to the public in many ways, and a study is being made in the direction of increased compensation based upon length of service and merit. A model new fire station is being completed at this time at Oak Hill, which will be staffed with fourteen additional men.

## PUBLIC BUILDINGS DEPT.

The Public Buildings Department has carried on with an enormous expansion of work in connection with many new dwellings, as well as mercantile and industrial properties during the past two years. This Department has also carried much responsibility in connection with the five new schools or additions completed, as well as the five additional schools for which plans and specifications are being prepared.

## PUBLIC WELFARE DEPT.

Throughout the recent relatively prosperous years the ex-

penses of the Public Welfare Department have constantly expanded, and in recent months there has been a visible trend toward a lessening in the ranks of the employed. Today's total outlay is more than double the figure of the worst so-called "depression years" of the thirties. The danger of assisting in creating dependency is forever present. Although a great portion of this expenditure is reimbursed to the City by an attractive State and Federal subsidy, the Board of Public Welfare is thoroughly cognizant of the mandatory rules and laws that are essentially a part of such a program. Let us hope that we may do more than wishful thinking in anticipation of the day when proper relief may be administered locally, with a spirit of independence and understanding, untrammelled by the factors of so-called social legislation. This is one of the many transgressions against home rule in cities and towns.

## RECREATION DEPARTMENT

The Recreation Department has expanded its facilities and services consistently. The Annual Report will indicate much growth of patronage and appreciation. This Department has comprehensive, aggressive plans for continued active development in various parts of the City. It is definitely planned, following a critical inventory of the lands held by the Recreation Commission, to conclude what part may be regarded as surplus area, and to secure permission from the Legislature to dispose of such land now held for recreation purposes as is unfit or undesirable. The proceeds from the sale of such land will be conserved expressly for the purpose of purchasing new areas where districts obviously need such facilities. The new Newton Playground building is planned for construction during 1950, as are recreation buildings for the Cold Spring and for the Allison Park Playgrounds.

In 1948 Ira N. Conant succeeded Rev. Richard P. McClintock, who had rendered outstanding service as a member of this Commission.

## MUNICIPAL RESEARCH LIBRARY

The Municipal Research Library has been in the course of organization, the procuring of material and equipment during the past year, and functioned constantly to supply information and figures not only having to do with the City of Newton, but many other municipalities. Such information is improving the conduct of City business and saves much time of others throughout the organization. It should be borne in mind that all connected with the government may seek the assistance and develop the use of this staff. Gratitude is expressed to Harold A. Wooster, City Librarian, for his able assistance in this project.

It is the business of the Director to digest the numerous publications of the American Municipal Association, the United States Conference of Mayors, the City Managers' Association, the Massachusetts Mayors' Association, the National Municipal League, the Municipal Finance Officers' Association, the American Society for Public Administration and many other organizations, including numerous governmental publications.

Many suggestions for improved municipal practice, including economies, and added revenue other than that from real estate taxes are developed.

The Director, Harold T. Pillsbury, has functioned also in connection with personnel studies. During the past season constant attention has been paid to improving public relations and spreading information and news of interest to the public. This has included weekly broadcasts by radio, featuring the various

departments of the City, for which Station WCRB and its staff are warmly thanked.

## LIBRARY DEPARTMENT

In the Library Department the most important event of 1948 was the Survey of the Library and its building needs, with a series of recommendations by Joseph L. Wheeler, a Library expert of national reputation. Alterations have resulted in better use of the first floor of the Main Library building, and plans include modernizing the building for the advantage of the whole system. Completion of alterations, for which detailed plans have been provided without cost to the City, is included in the Buildings Department budget for 1950. Further plans include a considerable addition in front of the present Main Library.

## ORDINANCES

Since misuse of sick-leave with pay has become so widespread as to become extremely costly to the City, I recommend that the Sick-Leave Ordinance be rewritten, and that simultaneously the City Physician Ordinance be rewritten to provide that a City Physician give virtually full-time to the position, visiting all employees claiming sick-leave and adding other necessary routine provisions.

Inasmuch as various inequities exist in connection with the granting of vacations to employees, I recommend that the Vacation Ordinance be rewritten and brought up-to-date.

It is also the intention of the Mayor to recommend the acceptance of the act granting a forty-hour week to labor employed by the City. This matter is in course of preparation by the City Solicitor and the Comptroller and will come to the Board of Aldermen shortly.

May I at this time wish one and all a Successful New Year of Health and Happiness.

## Jr. Mothers' Rest Club Meet Jan. 13

The Junior Mothers' Rest Club will meet Wednesday at the home of Mrs. Douglas Francis, 35 Meadowbrook road, Oak Hill, Newton Centre.

Luncheon will be served at 1:15 p.m. by Mrs. Robert Corningley, assisted by Mrs. Carter Hoyt, Mrs. Willard Rice, and Mrs. David Tibbott.

## City Treasurer and Tax Ass'n Disagree

In a letter released Monday, City Treasurer Archie R. Whitman took issue with the Newton Taxpayers Association in its news letter of December in which it "claimed full credit for the larger distribution of income and Corporation taxes to the City of Newton made recently by the State. Nothing could be more absurd, nor further from the truth."

Stated Mr. Whitman:

"A news letter under date of December, entitled 'Your Holiday Gift to Your City' issued by the Newton Taxpayers Association to its members claimed full credit for the larger distribution of income and Corporation taxes to the City of Newton made recently by the State. Nothing could be more absurd, nor further from the truth."

"City officials, together with the Board of Aldermen, the four Representatives and the Senator from this district, have been pressing this matter strongly for a long period of time. Under date of February 21, 1949 the Board of Aldermen passed a resolution calling upon the Commissioner of Taxation to

## Announcement of Building Plans At Lasell

Announcement has been made by Raymond C. Wass, President, that the new building at Lasell Junior College in Auburndale, will be modern in every way. It will house one hundred twenty students, and the dining room will accommodate three hundred persons. The building will be used for no other purpose.

Several modern features have been incorporated, including a garbage disposal unit and oil heat. A new road has been built to the service entrance. Service trucks will enter from Nason House, behind Gardner Laboratory. This will eliminate any trucking at the front of the building. The entrance to the dining room will be on Woodland road.

The next step in future development will be a classroom building, which will probably be built on the lot next to Cushing, Clarke and Hawthorne, which are the oldest senior houses, which will be replaced by small brick dormitories, which will accommodate approximately forty students each.

Future plans do not call for buildings on the present recreation field in back of Gardner Hall. This area will be retained as an undeveloped area for recreational purposes.

## Movie of 'Life At The Peabody Home' To Be Shown Jan. 25th

The first showing of a new movie entitled "Life at the New England Peabody Home for Crippled Children" will be the feature at the annual meeting of the Associates of the Home to be held at the Woman's City Club, Boston, at 2:30 p.m. Wednesday, January 25. Mrs. Nellie S. Smith, Superintendent of the Home under whose guidance the movie has been made, will speak and explain the pictures.

The movie shows the use of physical therapy and the nursing care necessary in the long continued treatment of bone tuberculosis, arthritis and infantile paralysis, some of the crippling diseases treated at the Home. Also shown are pictures of treatments in the pool which was the gift of the National Foundation for Infantile Paralysis.

The Associates intend to show this movie throughout Boston and New England in the next year to stimulate interest in the

## Pruyne To Preside At Bank Seminar

L. Sumner Pruyn of 88 Farlow road, Newton, vice president of the First National Bank of Boston, will preside at a seminar meeting for Boston and Greater Boston bank officers, sponsored by Boston Chapter, Inc., American Institute of Banking, Tuesday at 7:00 p.m., at the Parker House.

A capacity audience is expected to hear Sherwin C. Badger, second vice president and financial secretary of the New England Mutual Life Insurance Company, speak on "Investment Trends."

Pruyne is a graduate of Amherst College, class of 1921, and is a trustee of Mt. Holyoke College and the Newton-Wellesley Hospital. He is active in banking circles being trustee of the Newton Centre Savings Bank and a member of the Savings and Mortgage Division of the American Bankers Association, and the Bank Officers Association of Boston.

## Church Women To Hold All-Day Leaders Institute Thursday

An important all-day "Leaders Institute" will be conducted by the Massachusetts Council of Church Women next Thursday, at the Second Church in Newton, 60 Highland street, West Newton.

The keynote speaker at the morning session, which opens at 10 o'clock, will be Mrs. W. Murdoch MacLeod of New York, executive secretary of the United Council of Church Women, who recently represented American church women at a World Council of Churches central committee conference in England. A question period will follow. Registration begins at 9:30 a.m.

The speaker at the luncheon will be Dr. Hachiro Yuasa, Ph.D., president of the newly organized International Christian University of Japan. Greetings will be brought by officers of eight denominations as follows: Mrs. Raymond Alden, West Newton, president, Alliance of New Church Women; Mrs. Robert B. Day, Boston, director of the General Alliance of Unitarian Women; Mrs. Donald Hurley, Malden, president, Massachusetts Association of Universalist Women; Mrs. Walter F. Rutter, Wakefield, president, department of women's work, Massachusetts Congregational Conference; Mrs. Frank Curry, Medford, president, Massachusetts Baptist Women's Missionary Society; Mrs. Hiram B. Gibbs, Worcester, president, Women's Society for Christian Service of the Methodist Church; Mrs. Everett O. Wilkinson, Boston, president, Women's Auxiliary of Massachusetts Episcopal Diocese; and Mrs. George Bevans, Quincy, representing the New England Synodical, Presbyterian Church.

Workshop conferences will feature the afternoon program. They will be led by Miss Agnes Winter of Boston, chairman of the Christian World Relations Committee of the Council; Mrs. George Castino of New Bedford, member of Christian Social Relations Committee; Mrs. Allan Knight Chalmers of Newton, president of the Mass. Council of Church Women; and Mrs. Franklin G. Field, of Allston, chairman of council extension committee.

## J. F. Whittemore Heads Heart Drive

With the opening of the 1950 Heart Campaign just over a month away, plans are being formulated and many chairmen for the Greater Boston area have already started organizing committees. It was announced by Christian Herter, Jr., State Chairman of the Campaign.

"The Commonwealth's goal of \$350,000 will be sought between February 1 and February 28," Mr. Herter said. "This amount is needed by the Massachusetts Heart Association to finance programs of research, education, and community service which is already being conducted, and to launch other new projects which will be beneficial in the fight against Heart Disease."

Mr. Herter reported that John F. Whittemore will be chairman of the Newton area and that Mayor Theodore R. Lockwood will be Honorary chairman.

## Dean Hamilton To Give Alumni

More than 200 alumni, students, faculty, and guests of Northeastern University are expected to attend the first in a series of Alumni lectures to be given by Dean Roger S. Hamilton who resides at 1367 Walnut street, Newton Highlands, next Monday at 7:30 p.m. in the Student Center Building, 360 Huntington avenue.

Pres. Carl S. Ell will speak and Dean William C. White, director of the day colleges will act as moderator. Dean Hamilton will lecture on "American Paradoxes of 1950". This will be a discussion of security, foreign aid, and investment, collective bargaining, fear of depression, high standard of living, cold war, and monopolization, each a paradox in 1950.

## Boston & Albany Withdraws 38 Trains From Schedule

Last Sunday at midnight, 38 trains of the Boston & Albany railroad were withdrawn from the schedule, thus affecting commuter, local and long distance service.

The move was the result of a 33 percent reduction in passenger train mileage ordered by the Interstate Commerce Commission during the coal shortage emergency. General Manager Richard G. May of the railroad stated that the service cuts were made only after intensive study had been made of all the factors involved. Resumption of service, he said, was a matter of coal supply.

Newton commuters on the Highland Branch had a total of 11 trains cut from their schedules and three Riverside trains were temporarily eliminated. Other trains affecting Newton included Framingham and Worcester locals and longer-distance trains which stopped at Newtonville. All trains on the Newton Lower Falls branch were cancelled.

"JAPAN IS OPENING a door timidly hoping on the outer side to find friendship and understanding from America. Nothing short of a great sharing and a great caring on the part of American Christians will be enough to keep that door from closing again," says Mrs. Helen Davis Chandler, Congregational Christian missionary from Asia who will speak on Japan Wednesday morning, January 18 at 10:00 during the Women's Coffee Hour at the Waban Community Church. Her subject will be "Today's Faith at Work in Far Away Lands."

## Camp Massasoit Reunion Set For January 21st

Campers, counsellors, mothers and dads will have an opportunity to get together again to renew acquaintances after an interval of almost five months at the Camp Massasoit Reunion to be held at the Newton YMCA, 276 Church street, Newton, Saturday evening, January 21st, at 6:15 p.m.

Dinner will be served family style. The menu will include a baked bean and frankfurter dinner with tomato juice, rolls, salad, ice cream, and cookies, and milk or coffee. The cost is 95 cents. Reservations can be made with Richard B. Simmons, the Camp Director, Wednesday, January 18th, is the deadline.

## Police Force At Full Quota

Police Chief Philip Purcell announced last Thursday the appointment of three new patrolmen, all war veterans, to the police force.

Appointed from the Civil Service list and sworn in by Assistant Clerk of Court David C. Lombard were Edward V. Casavant, 27, of 6 Washburn street, Newton; Raymond L. Devlin, 24, of 452 Lexington street, Auburndale; and Peter J. Wallace, 34, of 31 Emerson street, Newton.

With these appointments the department is now at its full strength of 128 patrolmen. Patrolman Casavant served four years in the Coast Guard and has been employed by the Hood Rubber Company. While a student at Newton High, he was a member of the hockey team and later managed the Newton Knights of Columbus softball and basketball teams. He and his wife, Mary Elizabeth, have a four year old son, Edward Jr.

Patrolman Devlin is a Navy veteran of three years service and on his return to civil life was graduated from Newton High School. His wife, Catherine, gave birth to a son, Raymond, last week.

## B & A Seeks 35 % Increase In Commuter Rates

The Boston & Albany railroad on Tuesday sought a 35 per cent increase in commuter rates at a hearing before the Department of Public Utilities.

Rep. Howard Whitmore said persons in Newton would find it cheaper to use the Middlesex & Boston Street Railway, and then transfer to the MTA in going to Boston than using the train service under the higher fares.

George H. Fernald, counsel for the Boston & Albany, told the public utilities commission the railroad expects to put Diesels on the Highland Branch as far as Riverside, by April, then to Framingham three months later, and all the way to Worcester by the end of the year.

## Compliance of Health Laws Improved In '49

According to Harlan R. Kingsbury, chief inspector of the Health Department, 130 restaurants, cafes and restaurants tested the past year showed a compliance of 88 per cent compared with 85 per cent compliance in 1948. Bacteria samples were taken of cups, forks, spoons and glasses in all of the establishments.

Last year, fountains were the highest in compliance with the sanitary statutes, restaurants were second and cafes last. As a result of the discovery of unclean milk bottles in Newton, the department traced the source of the trouble to a faulty bottle-washing machine in the out-of-town plant of a Newton milk dealer and the matter was promptly corrected.

Mayor Theodore R. Lockwood will recommend to the board of aldermen at its meeting Monday night the appropriation, in advance of the budget, of \$50,000 for off-street parking purposes. The amount would be raised by a bond issue in accordance with Chapter 44, Section 7 of the General Laws. If approved, the off-street parking areas would be constructed at Newton Centre and Newton Corner.

At its meeting held December 19, the board of aldermen voted for two off-street areas at Newton Corner and one at Newton Centre.

The parking area at the Centre will be located between Beacon place and Pelham street, and Pelham street and Pleasant street.

The two areas at the Corner will be located on the south side of the railroad tracks between Richardson street and Centre avenue, and on the north side of the tracks near Washington and Centre streets.

## 1950 March of Dimes Campaign Starts Monday In Fund Drive

The 1950 March of Dimes gets under way in Newton and throughout the nation Monday and will continue until the end of the month.

During that two-week period citizens of Newton, like their fellow Americans in all parts of the country will help write the answer to the threat of polio epidemics next summer by providing for continued care and treatment of polio patients of 1949 and prior years.

Termining the 1950 March of Dimes the most critical in the history of the National Foundation for Infantile Paralysis, Francis J. Murphy, Campaign Director for Newton said that the fund-raising machinery is all set to launch the greatest March of Dimes ever undertaken.

"It is imperative," Mr. Murphy said, "that all know the seriousness of today's polio situation. More than 40,000 cases were reported during 1949, the worst polio onslaught in the history of the disease in this country. In Newton alone, 38 residents were stricken during that period."

Citing the high cost of polio, Mr. Murphy disclosed that dur-

ing the height of the recent epidemic the National Foundation was spending March of Dimes funds at the rate of \$100,000 per day to pay patient bills alone. He said that it is estimated 17,000 of those stricken in 1949 will require continued aid in 1950, in addition to victims from prior years who will also need help. So great has been the drain he said, that millions of dollars earmarked for emergency assistance have dwindled to the vanishing point.

In order to meet the challenge and to enable the County Chapter to continue to provide services to polio patients in this and other communities volunteers are being enlisted from Newton's civic and fraternal organizations and from the various villages, Mr. Murphy said.

Mrs. Alvah Ring of Lower Falls is chairman of the women's division in Newton. Mrs. Leo Baldwin of Waban, is heading up the school Division; Recreation Commissioner C. Evan Johnson, heads the Municipal division, and Louis Fried is chairman of the Industrial Division.

District chairmen include: (Continued on Page 3)

## Winter Adventure

Observing tree buds in winter can be adventure. Each is a miracle of nature. Each has been packed with care—next spring's flowers and leaves in miniature meticulously folded and sealed. Each contains just enough oxygen and moisture to keep alive until the miracle of spring unfolds them.

A mature elm may hold as many as six million buds. Yet only a percentage will open. If squirrels eat some, if others freeze or are damaged, nature has supplied enough to give a tree full foliage.

Winter buds are a tree's diadem. Some are as colorful as precious jewels. They come in many forms, unusual shapes. But never is one square. The architectural pattern of nature is in spirals and ovals.

Look closely, and winter buds become works of art. Some contain only flowers; some hold leaves, still others contain both flowers and leaves.

The flowering dogwood by your door has fat silver-gray shoe-button-like buds at the ends of twigs. These are next spring's flowers. Now observe the gray, slender and sharp buds along the twigs, arranged in spiral form. These hold next spring's leaves.

Their colors are kaleidoscopic. Buds of a shadbush are rich brown red, fringed with silver hairs. Sweet gum buds are highly polished mahogany red, broad at the base and tapering sharply. Buds of red maples are crimson trident, and note how all maple buds are grouped in threes at the end of each twig, with the tallest one in the center.

A willow bud is half an inch long, tapering gradually to a rounded tip. Pussy willow buds are blue black mottled with red at the top; swamp willows have an orange hue, black willow buds are glossy, wine red.

White oak buds end in blunt ovals and are clustered at the tip of a twig. The horse chestnut boasts a big end bud, too. Cut one open and inside will be arranged overlapping groups of leaves, folded like a pleated dress, curved and pressed together.

All buds are arranged according to the spiral pattern of a tree and sealed with water-proof wax, or covered with fur-like hair. Apple buds seem woolly. Aspen and horse chestnut buds are coated with sticky resin. Those of a Balm of Gilead seem to have just come dripping from a glue pot.

Next spring this wax will melt and each little leaf and flower petal will come marching out of the bud in geometric design, like a West Point cadet on parade.

It's a real adventure to get acquainted with these miracles-in-the-making in winter time.

## Services Held For Newton Soldier Killed on Guam

Funeral services were held Wednesday for Boatswain's Mate 1c Gerald N. Robblee, 27, a former West Newton resident, who died December 5th on Guam, presumably of acute kerosene poisoning. Robblee, who enlisted in the Navy in 1942, is believed to have accidentally swallowed the fatal dose while handling a siphon on the base there.

Born in West Newton, the son of Mae Busby Robblee and the late James Robblee, he attended Junior High in Waltham and was graduated from Newton High School where he was a three letter man in basketball. He was married in 1944 to the former Ola Lee Stephens and had two children, Jerry Lee and Shawn Nor-

man. Besides his wife, children and mother, who are making their home in Millis, he leaves a sister, Mrs. Vernon Lilja of Natick, and four brothers, Pvt. James T. Robblee, USA; Radarman 1c Theodore F. Robblee, USN; William W., a student at Brandeis and Arthur T. of Millis.

Funeral services were held from the T. J. Lyons home on Washington street, with a solemn high mass of requiem at St. Bernard's Church, West Newton. Interment was in Calvary Cemetery, Waltham.

"Federal Aid for Education" was discussed by Mrs. Hazel S. Stratton, vice-president of the Newton Teachers' Federation at the Burr-Williams P.T.A. meeting on Tuesday at the Auburndale Congregational Church. Mrs. Daniel Fogarty is president of the Association.

Betty Toscano, daughter of Mr. and Mrs. Frank J. Toscano of 76 Day street, was home from McGill University for the holidays with Marina Toledo of Sao Paulo, Brazil as her guest. Betty was pledged by and recently initiated into the McGill chapter of Kappa Alpha Theta.

## News from the State House

By HELEN R. RING

The second session of the 156th General Court convened last Wednesday. Governor Paul A. Dever started the session by reading his message to a joint session of House and Senate. There were many surprises in his message. He said that the 1950 program could be carried out without any new taxes this year. The following are the proposals the Governor made in his message: a revision of state law particularly a sharp curtailment of the courts' jurisdiction in public utility rate cases; urged establishment of new state authorities to promote a steel industry in Massachusetts; development of recreational facilities; \$100 million bond issue for highways; broader powers for Dr. Miriam Van Waters, Superintendent of the Framingham Reformatory for Women; cash sickness benefit fund; new and revitalized commission on Necessities of Life and New England Development Authority that will save millions of dollars for the consuming public; anti-labor injunction disputes; desirability of an abandoned property law. (this bill was heard in the House before the Committee on Ways and Means on Monday Jan. 9th).

He called for the repeal of the taxes on cigars and tobacco, pointing out that he did not propose it and it is undesirable. He asked that the repeal be contingent on passage of an abandoned property law that would authorize the state to take all unclaimed property within the fourteen years. The law should include unclaimed dividends and profits, debts and interest, deposits, unearned portions of premiums of insurance policies and property left unclaimed for a period of 14 years. He asked for a steel mill be established in the Commonwealth. On Education he asked for generous appropriations for scholarships to cover all or part of expenses attending higher institutions of learning. Scholarships to be awarded strictly on merit. Mental Health: higher pay for mental health doctors and experts; an increase benefit for old age assistance if the Federal Government reduces eligibility age from 65 to 60. The Governor made no specific recommendation about the Port of Boston. A special commission has been appointed to make a study. Much mirth and laughter was heard from the members when the Governor said "I make no recommendations at this time for legislation which will

affect the Metropolitan Transit Authority." This threw a bombshell right back to Senator Sumner Whittier, Everett, Republican, Governor Dever's severest critic on the M.T.A. He asked that hospital facilities be established for female veterans both at the soldiers home in Chelsea and the new home in Holyoke. A seventy-five cent wage law. Last but not least, asked for establishment of an authority and appropriation that is necessary to create a Civilian Defense.

Senator Harris Richardson, Winchester, Republican, President of the Senate this year gave his message in a ten point plan. Several of his plans were similar to the Governor's. He asked for strict economy, lower taxes; house-clean state services; watch the M.T.A. steel plant; and cheaper power. Senator Richardson upon assuming office he immediately organized a GOP committee. Sen. Richard H. Lee of Newton was appointed to serve on the eleven man committee. This committee determines the policy making of the GOP during the legislative sessions.

Speaking before the Committee on Old Age and Pensions, Rep. Howard Whitmore, Jr., Newton, called for the repeal of the \$4.00 "leisure time" pay to the aged. The \$4.00 was approved in 1949 in the last days of the session. To pay this \$4.00 a tax was placed on cigars and tobacco. There were strong objections by the cigar and tobacco men and a march upon the State House was made to object strongly to this tax. Governor Dever promised to repeal it this year. Rep. Whitmore stated that "I think it is against the spirit of the law. It is doubtful if we get the money. I hope this bill is repealed." To date the tax on cigars and tobacco has not been collected and the cities and towns are paying out this \$4.00 in anticipation of receiving it from the State. Charles C. O'Donnell, President of the Society for Old Age Pensions said the money was needed by every old age assistance recipient, and if bill is repealed it will show a lack of human kindness. A bill to change the name from "leisure time" to "extraordinary expenses" was filed by Rep. Louis Lobel, Brighton, Republican. Rep. Lobel said there was too much unjust criticism. "you can call it anything you want but change the name."

An order was presented in the House by Republican Floor lead-

er on Monday to abolish the 396 jobs in the State service that Governor Dever asked in his budget last year. There was much repartee between both parties. Rep. Murphy, Malden, Democratic Floor leader strongly opposed this order. He accused Rep. Gibbons of petty politics, and that Rep. Gibbons did not oppose the budget. Rep. Gibbons replied hotly that we are not going to tax the people for unnecessary positions. We should have a survey to determine whether these positions are necessary. On roll call a two-thirds vote is needed. The order was defeated. It was resumed again on Tuesday and killed in the House.

## Snow King-Queen Crowned at Junior Dance

One hundred fifty couples danced to the music of "Chapline" Arnold's band at Newton High School's junior dance, Saturday evening, January 7. Jane Berquist, Marilyn Tanner, and Joe Locatelli furnished entertainment during the intermission.

The gymnasium was decorated according to a winter motif by the decorations committee, under the chairmanship of Leon Martel.

During the intermission the snow king and queen, David Bianchi and Betty Ann Walker, were given red robes and gold-colored crowns, and seated in a double throne built for the occasion at one end of the gymnasium.

Mr. and Mrs. John B. Starkweather, Mr. and Mrs. John H. Higgins, Mr. and Mrs. Raymond A. Green, and Mr. and Mrs. Andrew Steinhope were patrons and patronesses for the dance.

The dance was planned with the assistance of Miss Emily P. Burdon, junior class adviser, and under the general chairmanship of David Starkweather.

Dona Litchfield and John Bibbo were co-chairmen of the tickets committee and the publicity committee was chaired by Murray Helfant. Rosalie Carter was chairman of the refreshment committee.

Mrs. Elinor Graham gave an interesting talk, entitled "Buttons Led to Books" at the meeting of the Auburndale Women's Club on Wednesday. Mrs. Graham, whose hobby has prompted her to write books on the history of buttons, related experiences and stories connected with her collection.

## Disagree-

(Continued from Page 1)

make distribution of any and all funds on hand at once. The combined effort of Newton officials, with the officials of other cities and towns, carried far greater weight in the larger distribution of these funds than any pressure that the Taxpayers group could possibly bring.

"As a matter of fact, the meeting of a group of Mayors, including Mayor Lockwood, with Governor Dever and Commissioner Long, was the determining factor in getting this greater distribution of State funds started. After the ball started rolling, the Taxpayers group appeared on the scene so that they might be in position to get a share of the glory.

Commissioner Long could not have made the extra distribution of these funds in 1949 if the sixty million dollar limit included in previous budgets for distributable funds on insistence of the Taxpayers group had been in force.

"This distribution clears all the reserves from the books of the State, and only a normal distribution of Income and Corporation taxes may be expected in the year 1950."

Deploring what he termed the "woeful result of misinformation or ignorance of affairs at the state level" exhibited by City Treasurer Archie Whitman's recent blast at the newsletter, Lorenz F. Muther Jr., executive secretary of the Newton Taxpayers Association Wednesday categorically denied that the Newton Taxpayers' Association was claiming undue credit for the two windfalls totalling \$750,000 which Newton received from the State in 1949. He also reaffirmed that the bonanza was due largely to the work of organized taxpayers.

Presenting a detailed record of the events leading up to Newton's receipt of the unprecedented windfalls, Muther cited the case as a practical result of cooperation between the Taxpayers' Federation and State officials and expressed the hope that a similar relationship might be developed in Newton between the city government and the local Taxpayers' Association. Mr. Muther's statement follows:

"City Treasurer Whitman's recent release concerning the

newsletter, 'Your Holiday Gift to Your City' issued lately by the Newton Taxpayers' Association, shows a woeful result of misinformation or ignorance of affairs at the state level which we hope is not shared by too many of our other city officials.

"Since organized taxpayers rely on the facts, we present the record in detail later in these remarks.

"Mr. Whitman's statement that 'the newsletter . . . claimed full credit' on behalf of the Newton Taxpayers' Association for the extra \$750,000 recently distributed to the city is demonstrably untrue inasmuch as even a casual reading of our newsletter to our members will show that it spoke only of 'the Taxpayers' Federation, of which you are a part through your membership in the Newton Association.' The newsletter then properly used 'we' throughout, for indeed the local Associations contribute to the support of the Federation and the Newton local is an essential unit among the 200 locals in Massachusetts which make up the organized Taxpayers' movement here.

Each of our members is a part of the Federation and helps in some measure to maintain the research staff which made the \$750,000 bonanza possible in the first place. We wish Mr. Whitman would join the local association and thus help us to become even more effective.

"We are happy to find Mr. Whitman informed enough to be in agreement with us and our newsletter on one point—namely, that only a normal distribution may be expected in 1950. And, as we stressed in our newsletter, it is our hope that in spite of early indications to the contrary, Newton will not spurge on recurring expenditures this year just because the city has received two windfalls, due in good measure to the efforts of alert and organized Taxpayers.

"A review of the actual record of events as presented herewith disposes of the remainder of Mr. Whitman's release, whether it relates to timing, place, effectiveness or what not.

"Let us now look at the record.

"On February 8, 1949, a private supper meeting was held in the Parker House between representatives of the Taxpayers' Federation and 17 out of 22 members of the Joint Committee on Ways and Means. At

Leslie E. Robart, Sands B. Robart, and their minor son, Scott P. Robart, by Hugh A. McGettigan, Attorney, claim for property damage at No. 50 Clearwater Road, Ward 4, also personal injuries and other damages sustained by them, break in gas pipe; claim of Scott P. Robart presented by his father and next friend, Leslie E. Robart.

Mrs. Margaret Noonan, for changing real estate from Business District to Private Residence District: Land on East side of Walnut Street, from Beacon Street to Sudbury Aqueduct, Ward 6.

Street Traffic Committee, Petitions, etc.

Jessica C. Thomas, relative to parking on streets and parking meters.

Arthur Cohen, et al, for Daniel Street to be made a one-way street, from Parker Street going easterly to Jackson Street, Ward 6.

John M. Walker, et al, protesting against proposed change, Daniel Street, Ward 6.

### IV. REPORTS OF COMMITTEES.

### V. UNFINISHED BUSINESS.

### VI. MOTIONS, ORDERS, ETC.

this meeting a Federation report revealing the possibility of extra distributions to the cities and towns from the state-collected income and corporation taxes was presented. It is important to stress that this was the first definite knowledge which these legislators had of the existence of extra balances—the proof of which had been provided by the Taxpayers' research department. A copy of this key report is on file in the Newton Association's office. The bill for the supper is in the Federation's files.

"On February 9, 1949 the Governor received the report. It was the Governor's first specific knowledge of the facts, leading ultimately to the record-breaking distribution. If Mr. Whitman doubts this he can check with the Governor or Tax Commissioner Long who quickly was alerted.

"During the same day, the Federation's staff contacted important municipal executives such as Mayor Harriman of New Bedford, City Manager Atkinson of Cambridge, and representative Selectmen, requesting their assistance in demanding extra distributions. We also released the story to the press.

"On February 10, 1949, following the publication of the Taxpayers' demands, a delegation of Mayors and Selectmen, headed by Mayor Harriman and accompanied by Tax Commissioner Long was received by the Governor. After this meeting the Governor announced that Long would distribute an extra \$5.7 million—although the Federation had shown that a higher rate of distribution, at least at a level of \$13 million extra, would be possible not only in 1949 but in succeeding years.

"Newton's share of the \$5.7 million was \$149,625.

"On February 14, 1949, since the Governor at that time would not go above the \$5.7 million figure, the Federation renewed the pressure. We wrote a bill, introduced on the 15th by Senator Mahar of Orange, which would force a larger distribution. This legislation was ably supported by the Newton delegation as well as the Mayors' Club, Selectmen's Association and others, but failed to pass.

"Thus the importance of the mid-February resolution of the Newton Board of Aldermen, the later meetings of the Mayors with the Governor and the activities referred to by Mr. Whitman fall into their proper perspective. They were of help in focusing public opinion, and we are very glad of the help they gave—due acknowledgment of which was made in our newsletter—but there was no immediate result.

"The principal reason for the failure of the legislation, aside

from the fact that the Governor did not want his budget increased by a mandatory distribution figure, was that the Governor was not yet convinced that the taxpayers really were right. Long was claiming that he did not have any such money left.

"The argument between the Taxpayers' Federation and Long as to the existence of the extra balances continued into the early summer. It is worthwhile to note that during this period, Long always referred to the Taxpayers' Federation—and to no other group—as being responsible for claiming what he contended were non-existent amounts. This situation was readily apparent to the newspapers reporting the progress of the issue, as a review of the editorials and news reports on the activities both of Long and the Taxpayers will quickly confirm. During this period also the contacts of the Federation with key legislators and with the Governor cannot be minimized.

"The final clincher was a series of questions as to the status of the income and corporation tax accounts, prepared by the Taxpayers' Federation with the answers left blank. A legislator prevailed upon Long to answer the questionnaire and his answers were found to be in substantial agreement with the Federation's claim.

"It was a copy of that questionnaire, answered and signed by Long, and a photostat of which is in the Federation's files, which when placed in the hands of the Governor at a conference with Federation officials provided the factual basis for the final distribution and convinced the Governor that it should be made.

"It was, \$22 million more was distributed and Newton received a further payment of over \$608,000 just before Thanksgiving.

"Let no one mistake the claim of the organized Taxpayers. It is founded on the facts. We do not act officially in the government. But this case is a good example of how fact finding coupled with the cooperation of officials can result in benefits to every taxpayer in the Commonwealth. We hope that some day the Newton city government will find it possible to allow an alert and independent group of citizens to cooperate more closely here at home."

Alvord Bros., Realtors, report that they have sold the Cape Cod Colonial home at No. 77 Freeman Street, Mr. and Mrs. James F. Powers gave title to Dr. and Mrs. Walter S. Frost of Somerville who bought it for their new home.

## 2 Collisions at

## W. N. Corner

## Within 24 Hours

A pair of two car crashes, which occurred at the same spot in Newton within 24 hours of each other, resulted in injuries to four people over the weekend.

The corner of Commonwealth ave. and Chestnut street, West Newton was the scene of both mishaps. The first occurred Friday night when an automobile operated by Gerald P. Bigley of Wellesley Farms collided with one driven by Albert Gileson of South Hampton, New Hampshire. Gileson's wife and a passenger in his car were both hurt, as was a passenger in the Bigley car.

In the second accident 24 hours later, Richard Brown, 66, of Achorn street, Cambridge, was thrown into the street when the car he was riding in was in collision with another at the corner. Brown suffered a leg injury and was taken to the Newton-Wellesley Hospital by Patrolman John J. Mullen in the Police car. Thomas E. MacRae of Brighton was driving the car he was riding in; Raymond DeMeo of School st., Waltham was the operator of the other. Sgt. William H. Dowling and Inspector Edward W. Chadwick of the Traffic Bureau investigated.

Red Poinsettias Decorate Church  
At Quintilio-Umina Wedding

Amid decorations of red poinsettias in Sacred Heart Church, Newton Centre, Anthony Paul Umina, son of Mr. and Mrs. John Umina, 46 James street, West Newton, took his bride Julia Maria Quintilio, daughter of Mr. and Mrs. Sebastio Quintilio of Wellesley Hills, Saturday, December 31, at a 3 o'clock ceremony officiated by Rev. Martin J. Dolphin.

Her only attendant, Ann Meli, wore an old-fashioned gown of aqua, and carried pink carnations and snapdragons. Mr. John Umina was best man.

Mrs. Quintilio chose an aqua gown adorned with a corsage of pink roses while the bridegroom's mother wore a green gown with a corsage of yellow roses.

The couple will make their home in Amherst, where Mr. Umina is a student at the University of Massachusetts. He is a graduate of Newton High School with the class of 1948 and Mrs. Umina graduated in 1949 from Wellesley High School.

Announce  
Engagement of  
Janet Hockridge

Mr. and Mrs. Clarence M. Hockridge of Newton Highlands announce the engagement of their daughter, Miss Janet Hockridge, to Mr. Wilton R. MacLachlan, son of Mrs. Samuel D. MacLachlan of Cambridge and the late Mr. MacLachlan.

Miss Hockridge is a graduate of the Katherine Gibbs School, Mr. MacLachlan, a graduate of Boston University, attended Harvard Business School and served with the Army four years during the war.

A summer wedding is planned.

Mothers' Auxiliary  
Plans Sale

The Mothers' Auxiliary of the All Newton Music School held its first meeting of the New Year in the Elizabeth Fyffe Recital Room at the school last Friday afternoon.

In the absence of Mrs. R. Casper Swaney, Chairman, Mrs. Arthur Clarke, Vice Chairman, presided. She explained that Mrs. Swaney was convalescing after an operation and hoped to be back at her post very soon.

The regular reports of the secretary and treasurer were given and approved. The important business of the meeting centered around final arrangements for the annual rummage sale.

Following the business meeting Mrs. Ernest Kuebler conducted a "Swap Auction" in which all present participated with much enjoyment. Proceeds of the auction went into the general treasury to defray incidental expenses of the rummage sale scheduled for the end of the month. This event is planned for the benefit of the scholarship fund of the Mothers' Auxiliary which group awards scholarships to two outstanding students of the Music School each season. The rummage sale will be held all day Saturday, January 28, in a store at 249 Walnut street, Newtonville, just a few doors from Washington street.

Articles have been coming in for the past month, but more will be very welcome and may be left by parents and friends at any time during the next two weeks at the Music School building, Walnut and Cabot streets in Newtonville.

Junior Auxiliary  
Hears Book Review

The Junior Auxiliary of St. Mary's Church turned out in full force to hear Mrs. Arthur Clark of Hathaway House give a Book Review at the home of Mrs. J. H. Keeley, Colgate road, Newton Lower Falls, last Wednesday evening.

Mrs. Clark well met the requirements of her pronouncement that a book review should "stimulate, not satiate."

The first type of book she reviewed she called "fuel books" because they put the mind in motion. Among them were Overstreet's "The Mature Mind" which the Auxiliary bought to read aloud at future meetings, and George Stewart's "Earth Abides."

She also reviewed the best and newest biographies, cook books and fiction.

Refreshments were served by Mrs. William Howard and Mrs. Frank Shipp of Newton Lower Falls.

The next meeting will be at the home of Mrs. Jonathan Roehrig, 40 Lafayette road, Newton Lower Falls Wednesday evening, January 18.

## Recent Deaths

## Julia M. Abban

Mrs. Julia M. Abban, 75, died Monday at her home, 16 Capital street, Newton, after a brief illness. Widow of Joseph B. Abban, former member of Newton Fire Department, she was a resident of Newton for over 50 years. She was a member of the M.C.O.F. and Our Lady's Sodality, Newton.

She is survived by three daughters, Sister Grace Alma of Sisters of Charity Convent Station, N. J., a high school teacher in St. Peter's High School, New Brunswick, N. J.; Miss Mary E. Abban of the State Insurance Division, Nashua street, Boston, and Mrs. Mary P. Luedes of Wellesley Hills. She also leaves one brother, Patrick J. Harney, 52 Ashmont avenue, Newtonville.

The funeral will be held Thursday from her home at 8 a.m., followed by a solemn requiem high mass at the Church of Our Lady at 9 a.m. Interment will be in Calvary Cemetery, Waltham.

## Mary L. Delaney

Mrs. Mary R. (Greeley) Delaney, 53, wife of John A. Delaney of the Maintenance Division of the Newton School Department, died yesterday at her home, 205 Hunnewell terrace, Newton, after a long illness.

Daughter of the late Winifred A. (Duane) Greeley and Thomas F. Greeley she was a former Boston school teacher.

Survivors are her husband and three children, Clement S., Warren H., students of Our Lady's and Ruth G., a student at Rosary Academy, Watertown; also one sister, Miss Katherine G. Greeley, and a brother, Edward P. Greeley of Oak Square, Brighton, a Boston police officer.

The funeral will take place Thursday morning at 9 o'clock from her home, followed by a solemn requiem mass in the church of Our Lady at 10 o'clock. Burial will be in Holyhood Cemetery, Brookline.

## Gerald N. Robblee

Funeral services were held Monday for Boatwain's Mate 1/C Gerald N. Robblee, 27, formerly of Newton and Waltham, who died accidentally December 5 on Guam as the result of accidental ingestion of kerosene.

The funeral was conducted from the T. J. Lyons funeral home, West Newton. A solemn high mass was celebrated in St. Bernard's Church, West Newton at 9 o'clock and military honors were accorded at Calvary Cemetery, Waltham.

Celebrant of the mass was Reverend John A. Saunders, Reverend Francis P. Sullivan and the deacon and Reverend Robert E. Brennan, sub-deacon. Miss Esther Costello directed the choir, soloists being Mrs. Eleanor C. Ryan and Mrs. Frances Kilroy.

The bearers were James Mula, Benjamin Thomas, James McGonagle, William Robblee, Arthur Robblee and Julius Soshnick. Father Saunders offered prayers at the grave.

A Navy detail was led by Chief Maynard W. Greene, in charge of the firing squad. The bugler was Blaine W. Gove, USMC. In charge of a delegation of colorguards and color bearers from Newton Post A. L., was Sergeant-at-Arms Arthur Lee.

Colors were presented by the escort, Harrison C. Varner, journalist 1/C USN.

*Cadillac*

Will Raise the World's Standard Again!

In 1950, the reasons for moving up to Cadillac will become so great, that if you contemplate the purchase of any car outside the lowest-price field—you should see the new Cadillacs first!

Here are some of the things you may look forward to seeing when America's most renowned motor car builder unveils its offerings for the ensuing year.

You will see four wholly new series of cars—all with entirely new bodies—gorgeously restyled.

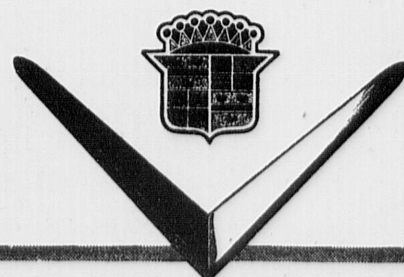

You will see cars whose performance is so outstanding that to drive one of them for a single hour is to want it forever.

You will see scores of advancements and improvements which add to quality, endurance, economy and dependability.

And, finally, you will see all this in a car whose lowest-priced model will actually cost less than certain models of numerous other makes!

By all means, see the new Cadillacs before you act in 1950. They will give you the new yardstick for motor car quality—and value.

It won't be long! So please stand by for the presentation date for this community.

## Church of Messiah Parish Fund Drive Set at \$30,000

A five year increase of fifty percent in Church School enrollment and number of families in the Parish sparked the opening of a Parish Hall Fund Drive at the annual meeting of the Parish of the Messiah, Auburn-dale, which was held Monday night at the Normandie Room, Norumbega Park and attended by over 100 organizations heads and Parish leaders. The aim of the fund is \$30,000.

Rev. Richard P. McClintock, rector, presided over the meeting which was the seventy-ninth annual meeting of the Parish. Bishop George W. Davenport of Easton, Maryland, was a guest at the head table and opened the meeting with prayer.

The rector in making his annual address pointed to increases all along the line, both in church attendance and financial support and said that it had long been known that the Parish had outgrown its present social and recreational facilities. He showed pictures demonstrating classrooms crowded beyond the margin of safety and pleaded with those present to end the weekly flitting with tragedy each Sunday when the church bells ring to call the little ones to church school where consecrated teachers are asked to make "bricks without straw" with a minimum of equipment and no place in which to work.

The speaker said in part: "There is a real and vital need here. It is a real challenge to do something about it for we have talked long enough about it. Somehow or other I have faith that the Parish can meet this need if only we can make every member realize our very desperate plight. The burned out church six years ago presented us a need and a challenge and we all rallied around one hundred percent. This need is a little more difficult to see and to rise to the challenge unless one is right in the thick of the fight. The burned out church was seen by everybody; the crowded parish rooms are felt only by those who are forced to try their best with a program in them. Others come to church Sunday after Sunday and do not realize the heartaches of those who are trying to teach our young a bit of 'Jesus Christ' under the most primitive and dangerously crowded of conditions. Our growing parish needs growing space. Let us give for growth and give sacrificially."

John D. Wallstrom reported

for the special Parish Hall Committee which includes Lyman M. Beggs, chairman; Alan S. Eldredge, Raymond Weden, Mrs. James Dunlop, and Mrs. Joseph Hibsher. Mr. Wallstrom said: "In April 1945 the present structure of the Church of the Messiah was put into use. A beautiful building was erected on the foundations of the former building which was destroyed by fire. Destroyed by the same fire was the newly remodeled parish hall. Wartime restrictions limited the use of material and manpower to just one replacement. Thus the church stands, a lovely but incomplete unit to carry on all the work for which a church exists in the community. This building shows definite evidence of the foresight, the hopes and the aspirations of those responsible for the mechanics of rebuilding. Blank doors, the heating plant, the plumbing even the original plans were all made to easily accommodate the addition of a parish hall when war time restrictions should be lifted. So far we have done nothing."

"Since that April 1945 the Parish has been steadily growing. Sunday attendance, Church School and many Parish adult organizations have grown as much as 50 percent. The YPF has become a vital organization. A troop of boy scouts has been added as a sponsored unit. The young boys are active in sports and a definite interest has been shown in dramatic efforts. All of this program is hampered by an almost total lack of facilities for educational, entertainment or recreational activities. One small room, the church parlor, and a similar room beneath it, attempt to supply the space for a multitude of activities daily carried on in the parish. Large endeavors including more than 50 people or including a dinner are carried on through the generosity of Mr. T. L. Gill at the Normandie Room. This means that many activities normally enjoyed by a parish are foregone because of the extra work involved in using other facilities and because one cannot continually be the recipient of so great a charity."

In recognition of the physical need of more room and the spiritual need of more complete parish activity, a drive is now commenced by your committee to raise through pledges and gifts the necessary money for the construction of a Parish Hall. The main effort will be made

## Three Injured In Two-Car Chash

As a result of a two-car crash last Friday evening, three persons were injured. The crash occurred at the intersection of Commonwealth ave. and Chestnut st., West Newton.

Removed to the Newton-Wellesley hospital by police were Mrs. Arlene Gibson of Highland street, South Hampton, N. H., and Miss Ora Chilson, Main street, Amesbury, passengers in the car operated by Mrs. Gibson's husband, Albert Gibson.

Also injured was Joan McDonald, 16, 32 River Ridge road, Wellesley Hills, a passenger in the car operated by Gerald P. Bagley, 31 Charles street, Wellesley Hills.

Miss Chilson was shaken up and suffered an injury to her right knee, while Mrs. Gibson was shaken up. They were removed to the hospital by Patrolmen Joseph H. Whelan and Thomas F. Ganley and were discharged after treatment. Miss McDonald complained of a stiff neck and headache.

next Sunday, January 15 when canvassers will attempt to contact all those who have not yet made a pledge to this end. A thermometer has been erected on the church lawn to record our progress. Under the slogan, "Our Growing Parish Needs Growing Space, Give for Growth" it is hoped that many will respond to this real challenge from our church."

Officers elected by the Parish for four year terms included Joseph A. Hibsher, 88 Day street, Warden; Raymond C. Wass, 145 Woodland road and Raymond Weden, 75 Aspen avenue, vestrymen for four years, and Frederick Bennett Jackson, 13 Winona street, vestryman for two years. Other officers and delegates to Convention will be appointed by the Rector with advice of the Wardens.

Reports were made to meeting by Treasurer Lowell D. MacNutt; Mrs. Albert E. Everett for the Woman's Guild; Mrs. Wilbur E. Marston, Tuesday Evening Club; Mrs. Edward Flynn, Altar Guild; Thomas H. Wilson, Men's Club; Robert M. Hall, Y.P.F.; Frank P. Pickett, Choir; George M. Hansen, Church School; Robert A. Moore, Troop 15, B.S.A.; Miss Anne E. Bunker, Historian, and Lyman M. Beggs, Special Building Committee. In response to the appeal of the Parish Hall Committee \$3000 in cash was donated by interested persons during the evening.

"LIFE" is the Lesson-Sermon subject for Sunday, January 15. GOLDEN TEXT: "Now that the dead are raised, even Moses shewed at the bush, when he calleth the Lord the God of Abraham, and the God of Isaac, and the God of Jacob. For he is not a God of the dead, but of the living: for all live unto him" (Luke 20:37,38).

SERMON: Passages from the Bible (King James Version) include:

"Blessed is the man that heareth me, watching daily at my gates, waiting at the posts of my doors. For whose findeth me flideth life and shall obtain favour of the Lord" (Proverbs 8:34,35). Correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include:

"The true idea of God gives the true understanding of Life and Love, robs the grave of victory, takes away all sin and the delusion that 'there are other minds, and destroys mortality. . . . The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality" (pp. 323,487).

## Births at Hospital Decreased In '49

If figures released by the Newton-Wellesley hospital last week are an indication, births in Newton last year showed a decline from the preceding year.

Babies born at the hospital in 1949 were 1463, of which 734 were boys and 729 were girls.

The number of births at the hospital in 1948 was 1491, 743 boys and 748 girls. During 1947, the peak year at the hospital, 1549 babies were born, 808 of which were boys and 741 were girls.

## 4 Dealers in Newton Now Displaying '50 Plymouths

The 1950 Plymouth car, with important styling changes and improvements for safety and riding comfort, went on display throughout Newton this Thursday at the showrooms of C. S. Collins, Inc., Newton Centre, Boyes Motor Co., Newtonville, Jerard & Morwood, Newtonville, and West Newton Motor Mart, West Newton square.

There are new lines in the silhouette which give the new Plymouth a longer, lower, more streamlined appearance. The changes are readily apparent whether viewed from front, rear, or side.

Rear fenders, which are bolted on for economical removal in case repairs are necessary, have been restyled and lengthened. A larger rear window on club coupes and four-door sedans, slightly greater over-all width, and alterations on the rear deck provide a longer, heavier, road-hugging appearance for all models. The grille has been simplified and made more massive. It consists of two large horizontal bars with a curved-down top member and a single vertical bar at the center. Above the grille the Plymouth name plate appears in larger block letters, and a bigger, more colorful medallion has been placed over the name plate.

Described as "Packed with value and ready to prove it," the new Plymouth was characterized by D. S. Eddins, president of Plymouth, as "The greatest car value we have ever offered the public."

"When we speak of value," Eddins said, "we mean that we have combined beauty with sensible styling, that we have achieved big-car performance with small-car economy, and that the mechanical excellence of which we have always been proud has maintained its high level."

The front and rear tread have been increased, a factor which increases stability, eases tire loading stress on curves, and enhances the car's general appearance. Thirty-two per cent larger than on previous models, the new rear window increases visibility and its lines blend into the car's new streamlining motif. The window is set in a newly designed locking rubber seal.

There are larger bumpers on both front and rear. In addition to providing greater protection for the grille, rear deck and fenders, the bumpers add materially to the general appearance of massiveness.

The theme of simplicity which has been carried out in the medallion and name plate on the front has been continued in the ornamentation of the rear deck. The block-letter name plate, the license plate light ornament, the license plate recess, and the T-shaped luggage compartment handle are styled to accent the car's low, sleek lines. Combination tail lights and stop lights are set into each rear fender. The redesigned instrument panel provides new backgrounds of transparent gunmetal on spun aluminum for the gauge dials, speedometer, radio dial, and clock. The gunmetal finish is also used on the radio grille screen. There are larger rotary switch knobs which are easier to operate.

Features for performance, comfort and safety which were previously introduced in the Plymouth line have been retained. The car has characteristic interior roominess, ample head and leg room, and wide, deep chair-height seats. The six-cylinder, 97-horsepower engine has a 7 to 1 compression ratio. The

## Route and Bus Schedule Changes Are Announced

In order to avoid the heavy traffic in Newton Centre square, the Middlesex and Boston Street Railway Co. has announced that a change in route and schedule has been established between Newtonville square, Newton Centre and Thompsonville.

Under the new schedule the buses will go through Newton square only once on the return trip in Newtonville, instead of twice, as heretofore. It is estimated the new route will save three minutes in travelling time.

Buses going to Thompsonville, in accordance with the new schedule, will go down Centre street, onto Willow street, to Summer street, across to Langley road, almost to Boylston street and take a right turn on Jackson street to Cypress street onto Parker street and back to Newton Centre square.

In the future passengers going to Thompsonville will board buses at a new stop at the corner of Summer and Beacon streets, Newton Centre on week days at 6:29 a.m., and every 30 minutes until 7:29 p.m., and

RUTH ELLEN RING accepts one of the first 1950 March of Dimes contributions from Mayor Lockwood. Twelve year old Ruthie, the daughter of Mr. and Mrs. Alvah Ring of Beacon street, Newton Lower Falls, has been waging her own battle with polio since she was six months old—and is winning it with help from the National Foundation. She is in the 7th grade at Warren Junior High School where she is a member of the glee club.

## Urges All Residents Aid March of Dimes Campaign

Mayor Theodore R. Lockwood today issued a proclamation calling upon all residents of Newton to join the 1950 March of Dimes of the National Foundation for Infantile Paralysis so that the organization "may draw renewed strength to continue its works of mercy for all whom infantile paralysis may menace."

The city's chief executive in his message revealed that the 1949 polio toll was upwards of 40,000 cases and that the cost to the National Foundation for care of patients will approximate \$31,000,000. In Newton alone, 58 persons fell victim to the disease most of whom received help from the National Foundation.

The two week March of Dimes appeal opened Monday, January 16th. Text of the proclamation follows:

WHEREAS, at no time before in the history of the United States has infantile paralysis placed so heavy a burden on community after community, striking down loved ones in family after family, and

WHEREAS, so severe were the epidemic outbreaks, that the toll for 1949 was upwards of 40,000 cases—and most widespread of all time; and

## Hypertensive Heart Disease Topic of Meeting

Hypertensive heart disease will be the subject of tonight's meeting of the Newton Postgraduate Heart Institute scheduled for 8:30 at the Newtonville Library. Dr. Samuel H. Proger, physician-in-chief of the New England Center Hospital, and Professor of Medicine, Tufts Medical School, will review modern concepts in the management of hypertensive heart disease and discuss aspects of its prevention.

Well known in Boston medical circles for his work on hypertension, the most common cause of heart disease, Dr. Proger is the ninth speaker to appear before local physicians enrolled in the Heart Institute.

The Newton Postgraduate Heart Institute is sponsored by the Cardiac Program Committee of the Newton Heart Demonstration program. It was started last May to help Newton's physicians keep abreast of the numerous new discoveries resulting from recently stepped up cardiac research.

Past meetings have featured discussions by recognized leaders in the fields of rheumatic and coronary heart disease. According to medical authorities these two types of heart disease, together with hypertension, account for almost 90 per cent of all heart disease in this country.

## 'It Pays to Advertise' Say Co-operative Banks

Harold Y. Beasall, Chairman of the Co-operative Bank League Advertising Committee, announced today that more money will be spent for newspaper advertising during 1950, than ever before.

Mr. Beasall, Vice-President of the Massachusetts Co-operative Bank League, of which the Roslindale Co-operative Bank is a member, stated that the League was concentrating more on newspapers this year because of the excellent results obtained in the past which could be traced directly to newspaper advertising.

"The spectacular and continuing growth of Co-operative Banks affirm the adage 'It pays to advertise,'" Mr. Beasall declared, "and it has been proven, time and again, that our business increases in direct proportion to our advertising."

Continuing Mr. Beasall said that Co-operative Banks enjoyed the widespread fame of two of their outstanding services, Monthly Savings Plan and Direct Reduction Mortgage Plan, largely through the combined efforts of advertising and the generous amount of favorable publicity in the newspapers.

Organized to help people to save money and to buy homes on a monthly payment plan similar to rent, Co-operative Banks were first organized in 1877. Today there are 175 banks throughout the Commonwealth serving every city, town and hamlet in Massachusetts.

## The Prophet

Back in the hills, just out of sight of Manhattan's night-glow, an elderly character with a prophetic beard is sulking in a little house in a valley. Beside the house, handy to a snowbound householder, is a large pile of fire-place wood, neatly stacked. The house itself is stoutly banked with last fall's leaves. In the larder is a store of canned food and cured meat. But all last week the elderly character himself sat on his front stoop in his shirtsleeves and glared at the sky. Last fall he forecast a heavy winter, an old-fashioned winter full of ice and snow and bone-chilling cold. The week before Christmas he said the turn was at hand. On Christmas Day he said the new year would come in with a howling wind and two feet of snow.

It is obvious what happened. The lilac bushes in his front yard looked, a few days ago, as though they might burst into leaf at any moment. There wasn't enough ice on the near-by pond to cool one long drink. The elderly prophet hadn't been able, try as he might, to burn one full cord of wood; in fact, as he sat there and glowered the other day the doors of his house were wide open to the balmy breeze. And he knew that if he went poking through the woods he might find hepatica in bud. Maybe even shadblow on the verge of color.

Winter isn't over yet, by any means. But it is January, and Groundhog Day is going to be her before you know it. Then February will fray away into March. And the January that should have started off snowbound started off with a burst of 60-degree weather.

Those who know the elderly character best say now that he is about to look up his house and take a trip. He wants to get away from this awful winter, they say. He talks of going to northern Canada.

**RANDOM CLIPPINGS...** Out in Kansas City, Martha Marie Ballard and Noah Paddock, both 71 years of age, finally patched things up and were married after Noah forgave Martha for jilting him at the altar 49 years ago. Either Martha wasn't in a hurry about changing her mind, or it took Noah a long time to work himself into forgiving her... This might come under the head of the Right Thing at the Wrong Time Department. Down in San Antonio, Mrs. Elma Dill Spencer's watchdog, who was missing while her house was being robbed, showed up in time to bite the police officer who was investigating the theft... An anonymous admirer who sent Ruth Tremaine of Pittsburgh \$100 worth of red roses then had the bills sent to her boy friend... A shivering couple who emerged from the icy water of Grunewald Lake, near Potsdam, Germany, explained that they had intended to commit suicide but that the water was too cold. The despatch did not disclose whether they finally decided to postpone the event until next summer... A grocer in Cadillac, Mich., couldn't understand why a path was being worn between the front and back doors of his establishment. Upon investigation he discovered that two boys were in the business of selling him cases of empty beer bottles which they were procuring in his own storeroom. He had bought his own bottles several times... It took Oklahoma City police a few minutes to bring themselves abreast of happenings when 18-year-old Private Archie L. Lambeau explained that he had stolen a 1948 wrecker from a garage in order to retrieve a 1946 Ford sedan which he had previously stolen and stalled in a ditch... Animal-lovers sent in a flood of stormy protests when the Post-Gazette in Pittsburgh printed a gloating letter from a cat-hater who boasted of shooting cats and burying them in his garden... Mrs. Genevieve Lumley complained to a Chicago judge that her husband had told her friends she was dead... Thomas Dixon, 82, of Newcastle, England, finally got around to seeking a divorce on grounds of desertion from his wife who had left him 43 years ago.

The basic question facing us as parents, he observed, is how far in the shift from individualism to organizationalism do we want our emphasis to go.

## Appeal Board Upholds Apartment Permit Refusal

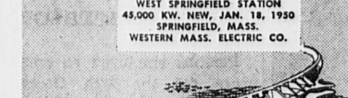

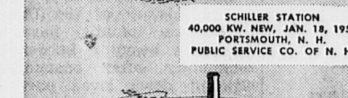

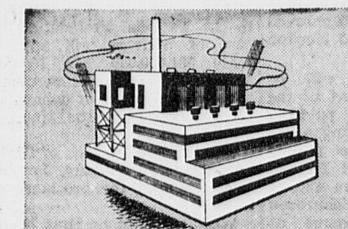

It has been announced that the Newton Board of Appeals has upheld the decision of building commissioner Arthur Campbell in refusing to grant a permit to the H & M Construction Company, Jamaica Plain, for a garden-type apartment development on Charlesbank road, Newton.

The board's decision stated: "After discussion and due consideration, the Board affirms the refusal of the building commissioner to grant the permits requested for the reason that the plans of the proposed building are in violation of the building code ordinance." The board of appeals consists of C. Adrian Sawyer, Jr., chairman; Augustus L. Wakefield and Lucius E. Thayer.

The construction company was denied a building permit by Commissioner Campbell because the specifications did not comply with the building code of the city. The company in its application made November 28 sought to construct four buildings, two with four apartments each, and two with ten apartments each, making a total of twenty-eight dwelling units.

Refusal to grant the permit was because the foundation walls on the specifications were not thick enough, the outside walls were not solid masonry, partitions between the apartment basements were not solid masonry, partitions between the apartments were not solid masonry, furnace flues were not large enough, kitchens were not the required area, the rooms were not high enough, and the outside doors opened inward instead of out.

Mrs. William C. Wyman of 27 Shaw street returned last week from a holiday visit with her son in law and daughter, Mr. and Mrs. Bruce Lindsey (Faith Wyman) and family of Hartford, Connecticut.

## Power shortage in New England? NONSENSE!

This very week two great new electric stations with a total capacity of 85,000 kilowatts have come into service at Portsmouth, N. H. and West Springfield, Mass.

And by next autumn, the number of new generating units added to New England's electric resources since last summer will have grown to eight — with a total of 352,250 kilowatts. Every bit of this electric power is available throughout New England over a modern network of interconnecting transmission lines.

There is no shortage of electric power here. New England's electric power needs are being taken care of by the energy and vision of self-supporting electric companies — not only for today and tomorrow but far into the future as still more new plants take their place in the service of New England homes, commerce and industry.

## National Education Ass'n Head to Speak Here Friday

Dr. Andrew Holt, president of the National Education Association, is addressing the members of the Newton Teachers Federation and their guests Friday afternoon at the Newton High School Auditorium, at 3:30 p. m.

Platform guests for the occasion are Mayor Theodore Lockwood; Miss Grace Buxton, President of the Massachusetts Teachers Federation; Miss Joanna Z. Connell, Vice President of the N. E. A.; Hugh Nixon, Executive Secretary of the M. T. F.; Everett McIntosh, State Director of the N. E. A.; George B. Koller, President of the Newton Parent-Teacher Association; Dr. James B. Palmer, Chairman of the Newton School Committee; and Dr. John J. Desmond, Jr., Massachusetts Commissioner of Education. Frederick O. Holmes, President

of the Newton Teachers Federation, will preside.

Prior to the lecture, a brief reception will be held at which Dr. Holt will personally meet with the superintendents of Brookline, Needham, Wellesley, Waltham, Watertown, and Weston; the presidents of the teachers associations in the same towns, and other guests.

Dr. Holt is the Executive Secretary of the Tennessee Education Association, and 1949-1950 N. E. A. President. At the Boston Convention of the N. E. A. last July, Dr. Holt was an extremely popular candidate. His informal, yet forceful, manner in addressing an audience made listening to him a pleasure.

This is the second year that the Newton Teachers Federation has had the honor to entertain the national president, and great interest is aroused as a result.

## News from the State House

By HELEN R. RING

NEWS From State House had at Serving as guest chaplain in the House of Representatives on Monday, Rev. Billy Graham of Minneapolis, Minnesota, gave the opening prayer. He stressed strongly "that the legislators have a tremendous responsibility as law makers." He said, "help us not be politicians only, but to be statesmen who stand for something."

Rep. Charles Gibbons, of Stoneham, Republican floor leader, filed a petition in the House to investigate the laws and regulations governing the operation, safety, over-loading, rates, and speeding of commercial motor vehicles. A long and lengthy debate lasting more than an hour ended in the admission of the petition to the Committee on Highways and Motor Vehicles. Rep. Robert Murphy, Malden, Democratic floor leader, took the floor under the right of "personal privilege" to throw back accusations aimed at him by Rep. Gibbons—each accusing the other of obstructing the passage of the petition and each was crusading for labor and playing to the visitors in the gallery (truckmen and truck drivers filled half the gallery). Rep. Gibbons said "that he had no interest in the gentlemen sitting in the gallery, a man had been killed by a truck on the highway (two weeks ago a state police officer was killed on the Newburyport turnpike by a gravel truck) and I am fighting only for their benefit." Rep. Murphy replied, "he too was just as anxious to see justice done."

The attack made by the Massachusetts Taxpayers Association upon legislators' absenteeism was unjustifiably made against two legislators, Rep. Sears of Haverhill and Rep. John S. Whittemore of Newton. Both are patients in the hospital. No doubt there are many legislators who do not care a hoot whether they attend or not because as they say "I did not care to come here, the city committee pushed me into it." Well, that is a serious statement to make and voters who do not vote in primaries have no kick coming for poor government. The voter who does not vote in the primaries and election is shirking the first duty as a citizen. It permits the nomination and election of "poor type" candidates who will fail to carry out the wishes of the majority of the electorate. Many a visitor to the State Legislature has remarked the discourtesy of the members laughing and talking out loud when one of their members is on the floor speaking. This of course does not bring dignity and grace to our State. The failure of members to attend sessions and be recorded on important issues of public interest shows lack of responsibility of his office. That

would not be tolerated in private business. The Democratic members showed more attention to duty than did their Republican colleagues according to those who responded to the roll calls. The legislators are paid an excellent salary, \$3750 a year plus expenses and recess commission appointments.

The House of Representatives killed the bill to prohibit the publication of the filing of divorce or separate support cases until both parties had been served with notices by 77-35.

A public hearing will take place before the committee on Metropolitan Affairs on January 25th on the bill H-876 filed by Rep. Harold Truman of Needham. The bill calls for the construction of an artificial outdoor public ice-skating rink in the Blue Hills Reservation. It has the support of the Metropolitan District Commission, and Park Commissioner's Engineer, Benj. Fink. Location of site will be determined later. All sports enthusiasts are urged to attend. The hearing will be at 2 p. m. in the afternoon.

A public hearing on the question of school buses for children attending parochial and private schools on a bill filed by Charles Rugg and Mason Sears will be held on January 23rd in the Gardner Auditorium at 10:30 a. m.

On the return trip passengers will board the bus going to Newtonville square in front of the Women's Club, Newton Centre, instead of in front of the watering trough. Weekdays buses will stop at 6:36 a. m., and every 30 minutes until 7:36 p. m., and then at 8:40 p. m., until 11:40 p. m.

Buses will leave Newtonville for Thompsonville, via Newton Centre on weekdays at 6:19 a. m., and every 30 minutes until 7:19 p. m., and then at 8 p. m., and every hour until 11 p. m., and then at 12 p. m., to Newton Centre, Newton Highlands, and Waban. In the receiving line with Dr. and Mrs. Hitchen will be Mr. and Mrs. Willard B. Weissblatt representing the trustees; Mr. and Mrs. Joseph C. Skinner representing the Couples Club and the Laymen's League and Miss Margaret Ball representing the Women's Alliance.

Mr. Lucius E. Thayer of 27 Estabrook road, who has served as vice-president and treasurer of the Ekolon Company in Boston has been elected president, according to an announcement at the last conference.

## Newton PTA Council Issues Call-to-Action On Aid Plan

A call for action on the part of local PTA's throughout Newton concerning the bill on federal aid to education was urged by the Legislative Committee of the PTA Council at its January board meeting. The committee distributed a digest of the bill which has been prepared by the Newton Teachers' Federation, a list of the men in Washington interested in this legislation, and the names of their representatives in Congress. The request was made that a discussion of this bill be made by each PTA and that, wherever the membership sees fit, letters be sent to Washington urging support.

The bill, number S246, would give federal aid to the states, particularly those in greatest need, in order to provide education for all children and to equalize educational opportunities. It explicitly provides that educational policies will remain in the hands of the States and their localities. The report was made by Mrs. Clarence Taylor, Horace-Mann School, chairman of the Legislative Committee. Other members of this committee are Mrs. Haskell Freedman, Bowen School, Mrs. M. Beckwith, Burr-Williams School, and Robert Carr, representing the Newton Teachers' Federation.

Mr. George Koller, president of the Council, presided at the meeting which heard an excellent report of the Program Committee. Mrs. Serefin Tornabene, of the Bowen School, chairman, will see that this report is distributed to every PTA, in an effort to aid them in planning their open meetings. She was ably assisted by the members of her committee: Mrs. Olive Merryman, Franklin; Mrs. B. J. Gorman, Angier; Mrs. William Hogan, Emerson; Mrs. Benjamin Berenson, Lincoln-Elliott; and Orville Emmons, F. A. Day Junior High.

Mr. Koller read the preliminary report of the Adult Education Committee for the chairman, Rev. Emory S. Bucke, Burr-Williams School, who was unable to attend the meeting. His committee, consisting of Dexter Harris, Angier; Mrs. Ralph McKee, Underwood; Michael Panella, Emerson; and William Senff, Oak Hill, has made an excellent start on its project of extending interest and knowledge of the program of adult education being conducted by the Newton School Department under the direction of James Forbes. They will continue to study this subject and plan to make a fuller report in the near future.

## \$267,855.63 Raised in Red Feather Campaign Here

The Newton Community Chest announces that in the 1950 Red Feather Campaign a total of \$267,855.63 was raised from 19,130 subscribers. Although this amount is approximately 10% below the goal sought for Red Feather services during 1950, the total number of subscribers exceeds by more than 1,500 any previous year except 1944, when the Campaign included war agencies. This increase came about almost entirely through added subscribers in Newton's manufacturing plants, who subscribed more than twice as much in the 1950 Campaign as in any previous peace-time drive.

As a result of the splendid support given by plant employees, the Manufacturing Division, under the leadership of

Murray Sholkin, exceeded the goal set for it in the Campaign. The Mercantile Women's Division, under the chairmanship of Mrs. John M. Powell, and the Municipal General Division, under the chairmanship of C. Evan Johnson, were two others of the seven divisions to reach their goals.

A report has been recently sent to all workers in the Campaign and with this report went a "thank you" letter from Harold T. Pillsbury, said: "I want to express to you my sincere thanks for your part in the Campaign. Without your co-operation and enthusiastic support and that of the more than 2,200 others who worked with you, we could not have accomplished the results that we did."

## Newton Teacher Is Named to Comm.

Harry V. Anderson, speech teacher in the Newton High School Department of English, recently has been appointed to the Public Relations Committee of the New England Speech Association. The purpose of this committee is not specifically to advertise the association, but "rather to carry on a program for the education of the public concerning speech education and speech needs of New England."

Mr. Anderson will serve in the capacity of a board member along with representatives from Dartmouth College, University of Connecticut, and numerous other schools.

## Newton to Share in Fund Drive at Murphy Hospital

Newton will share in proceeds of the March of Dimes at Murphy General Hospital, the Army's only general hospital in the First Army area. As it is a military installation, Murphy General Hospital is holding its own "march," but one-half the total contributed will remain in Middlesex County. The remaining half goes to the National Foundation for Infantile Paralysis. This follows the custom of all "March of Dimes" contributions.

Col. John M. Welch, Commanding Officer, heads the "march" committee. Coin receptacles and posters in conspicuous places make it obvious that the campaign is under way.

A layman active in church work, Mr. Thiessen is a member of the Eliot Congregational Church, Newton, where he is a trustee of the church's invested funds and a member of the Finance Committee.

## Troop 4B, Boy Scouts Card Party Thursday, Jan. 26

The Boy Scouts of Troop 4B, Newton Highlands, are planning their annual card party for next Thursday at the recreation room of the Highlands Congregational Church. As usual, the proceeds are used to maintain the troop's property at Nobscot and to provide for other scout activities, but with the added incentive this year of helping to finance the troop's representative at the National Jamboree at Valley Forge this summer.

The Scouts are being sponsored by the troop committee, with the cooperation of a ladies' committee of Scout Mothers. The general committee is headed by Mrs. Floyd Dedrick and Albert N. Walker.

## To Give Talk On Elm Trees Next Tuesday

The Newton Highlands Garden Club will meet next Tuesday at the Kennedy's, 39 Columbus street.

The speaker at the meeting will be Wilfred Wheeler, Jr., who will take for his subject: "Care and Preservation of our Elms." Mrs. Lincoln Alvord will be the hostess.

## Nineteen Bidders For Waban Sewer Contract

According to Street Commissioner Harold F. Young, keen competition for the contract for the construction of a sewer in Waban was much in evidence when the bids were opened.

Nineteen bidders, believed to be a record for such projects in Newton, are competing for the contract which calls for the construction of a sanitary sewer in East Quinobeguin road near Quinobeguin road to Waban Avenue and in private land from Waban Avenue to Quinobeguin road.

## Auburndale Woman's Club to Hear Talk on Sturbridge Vill.

Old Sturbridge Village, a living museum, will be brought to the Auburndale Woman's Club through the medium of colored slides and a brief lecture on the development of the village, at its meeting next Wednesday afternoon at 2:30, Leonard J. Panaggio will tell of how the village has become a "must" visit on all itineraries through New England.

Mrs. Edward B. Gray, day chairman, will introduce the guest speaker.

Mr. Panaggio will try to show the club members how people lived in New England in the early 19th century, their crafts, their methods, and the types of houses they lived in. Sturbridge Village is an educational, non-profit institution. It concentrates in a small village what most of

our forefathers saw in their daily lives. Come and see our colorful past today, Old Sturbridge Village.

Mrs. Keith C. Parris, president, will conduct the business meeting at 2 p. m.

He is on the faculty of Northeastern University.

A September wedding is planned.

## Streamlined Course Offered By Red Cross to Newton Women

Newton Chapter of the American Red Cross announces a new course available to the women of Newton, a course leading to membership in the Red Cross Canteen.

This training is a far cry from the twenty hours required in war-time, plus twenty more of Nutrition. National Red Cross has recently prepared a streamlined series of lessons covering only twelve hours, but packed full of practical help.

Newton Chapter is one of the first in this area to offer the new course. It is designed to prepare those who take it not only to serve Red Cross but to entertain more easily at home and assist more efficiently in any larger feeding projects at churches or clubs. It also instructs in mass feeding problems in time of disaster through demonstration as well as actual practice.

The Canteen itself is far from idle. Requests come from Cushing Veterans Administration Hospital at Framingham to supply refreshments for evening parties or for Sunday teas. The Blood Program requires considerable numbers to provide snacks for the donors and meals for the professional staff. One day a month a unit will be serving at the new Regional Blood Centre in Boston, this in addition to the fourteen day visits of the Bloodmobile to Newton in 1950. Then there are occasional luncheons or teas to be put on for groups at the Chapter House.

The teacher secured for the class is Mrs. Minetta Eastman

from Sherburne. She is a trained nutritionist and has had wide experience in the various projects she will be teaching.

The first session was two hours in length from 10 to 12 a. m., held Tuesday. The four succeeding lessons will come on successive Tuesdays, the hours to be set by the class. There is no charge for the course. All sessions will be held at the Chapter House, 21 Foster street, Newtonville.

## Announce Blevins-Butcher Engagement

"Step-down" designed Hudsons leaders in resale value! Let us show you, in figures from Official Used Car Guide Book of the National Automobile Dealers Association, that Hudson is a leader in resale value, cost to coast!

## Lower-Priced Hudson shouts "Value!" for all to hear!

- MOST ROOM!
- BEST RIDE!
- SAFEST!
- BIGGEST DOLLAR VALUE!

Available with Hudson's new SUPER-MATIC DRIVE

You don't have to buy an under-economy-minded. For the new, lower-priced Hudson is a big, powerful car... priced for average pocket-books... styled to hold its own in the finest company!

You instantly see that it's the most beautiful of them all. Free-flowing, low-built design flashes the fact that here is the lowest center of gravity in any American automobile. And you know instinctively that, as a result, the Pacemaker hugs the road more tenaciously... and is therefore America's best-riding and safest car!

You'll see, too, that this new member of the Hudson family has full road clearance, and more head room than in any other mass-produced car built today, thanks to "step-down" design with its recessed floor. And amazing head room is only one

kind of interior spaciousness you'll find in the new Pacemaker. "Step-down" design gives you more space because it gives you new space that is wasted in other makes of cars. With normal outside width, this compact automobile brings you seat cushions that are up to 12 inches wider than those in cars of far greater outside dimensions!

And for dazzling get-up-and-go, there's the new high-compression Pacemaker engine—a lightning-like performer with saving ways!

No matter how much or how little you intend to pay for your next car, we invite you to look at Hudson's lower-priced Pacemaker... it has a "value" message you'll like to hear!

NOW... 3 GREAT HUDSON SERIES ONLY CARS WITH "STEP-DOWN" DESIGN

See... Drive... the New Pacemaker at these Hudson Dealers!

## Bandits—

(Continued from page 1)

Reported seeing a black Cadillac car in the area following the hold-up. Officer Mullen was making a check-up on the property when he discovered the car.

The car had been stolen Saturday from a parking lot and was owned by Frank Cohen, 11 Fellsway road, Newton Centre, and the plates which were on the car found had been stolen from the Samuel Burns family, neighbors of the Cohens. The plates of the two cars had been switched.

The police, State and Federal authorities were continuing their investigation of the car, hoping to discover clues.

## Open House and Sports Night To Be Held Monday by V.F.W.

Monday evening at 8 p.m., Sgt. Eugene Daley Post V.F.W. will hold "Open House and Sports Night" at its home, 52 Elmwood street, Newton.

George Volpe, Chairman of the affair, has announced that David Mishel will be the guest speaker. Mishel, known as the only four letter man in Massachusetts school history, made his four letters while attending Lynn Classical High in 1923. He starred in football, baseball, basketball and track.

He was All-American half-back in 1926, having played on the Brown Iron Men Team. In 1927 he starred at Brown University in football, basketball and track. In 1927 he played for the Providence Professional Steam Rollers, with such players as the late Gus Sonnenberg and Wildcat Wilson.

In 1931 he played professional football with the Cleveland Indians.

Mr. Mishel, at present, is owner and director of Camp Brunonia, a boys' camp, in Casco, Maine, which has been in operation since 1927.

Commander William Maloney invites the public to listen to this speaker after which refreshments will be served by SVC Daniel McCarthy. There will be no charge to the guests.

Maloney announces that, instead of two meetings monthly, in the future the regular meeting will be held on the second Monday night of each month and the fourth Monday will be set aside as a special night at which members may bring their friends and guests to enjoy the facilities of the home.

## Tough Chess Battles At "Y" A Win, a Loss and a Draw

Last weekend, the Newton "Y" Gambiters defeated Boston College No. 2, three to two. At 12:45 a.m. when your reporter departed the match stood two to two. Capt. Coggeshall with a major piece down in his battle with Rico of B.C. was fighting like mad. He's quiet in a tough game when his opponent is thinking and when it is his turn to move, he usually hums all the old time songs. But he did more than hum, for when he turned in at 5 Tennyson road, West Newton, well, some time before sunrise, he had defeated Rico, and won the match.

Commonwealth "Y" in its game with Harvard Univ., Class E will surely have a draw, may be a win. Commonwealth had two and a half games to one and a half for Harvard, with the game of Dr. Kramer of the "Y" and Bauman of Harvard to be adjudicated.

The Fighting Knights "Y" drew a bye. In Class "A" the "Y" Intruders fought Harvard to a stand still, but the strong Harvard team emerged victor, four and a half to a half.

The Matches—White of Boston College defeated Kenneth Boegner. D. Leighton Ordway of the Gambiters defeated Foley. Captain Harrison Coggeshall of the Gambiters defeated Rico. Warren Blaisdell of the Gambiters drew with Murray. Anthony Frascatore of Gambiters won by default.

Carl Miller of Commonwealth drew with Baum. Capt. George Hopwood of Gambiters defeated Freimer. The game between Dr. Kramer of Commonwealth and Bauman is to be adjudicated. Louis McCarthy of Commonwealth defeated Greenberger. Rinderman of Harvard won by default.

On Friday, Jan. 20th in Class "A" the Intruders "Y" play Lynn at Lynn. In Class "B" the Gambiters "Y" play at Boston Univ. The Fighting Knights "Y" play C. T. Main Engineers at Boston. The Commonwealth "Y" plays Boston College No. 1 at the Newton "Y."

The Newton "Y" Chess Club meets every Tuesday night at 7:30 at the "Y," 276 Church street, Newton.

## Newton Artists Show Works at Annual Exhibition of Independent Artists

Thirty-four artists from Newton and vicinity are exhibiting painting at the Seventeenth Annual Exhibition of the Boston Society of Independent Artists now going on at the galleries of Paine's, 81 Arlington street, through January 28. ## Junior College Five Loses to Tufts 57-32

The first five of twelve scheduled games have been played by the Newton Junior College basketball team. The first game, with Cambridge, was won 53-28; the second, with Oxford, was barely lost, 38-42; and the third, the last score recorded before going to press, Tufts, was lost 32-57.

Coach of the Junior College team is Mr. Beverly Wilson, and the manager, James Quigley. Varsity players are Eugene Reading, Bob Johnston, Ed McGill, Hubert Small, Allan Small, Fred Carlson, Paul Coleman, Sam Cohen, Aaron Sockel, Dick Crosby, Ed Vaich, John Vaich, John Chase, and Dick Morley.

The following games are scheduled for the remainder of the season: Jan. 26, Wentworth at 5:30; Jan. 31, Emerson at 8:00; Feb. 2, Oxford at 8:00; Feb. 6, Cambridge at 8:00; Feb. 9, Emerson at 5:30; Feb. 14, Babson at 7:30; Feb. 21, Huntington at 2:30.

## Information for Veterans

Q—I will complete my high school course in 1951. As a veteran of World War II, discharged in 1945, will I be entitled to GI training benefits if I decide to go to college in the Fall of 1951?

A—Since you were discharged from the armed services before July 25, 1947, you must start GI Bill training before July 25, 1951.

Q—Is there a deadline date for the reinstatement of my National Service Life Insurance policy?

A—No. There is no deadline for World War II veterans who wish to reinstate their lapsed NSLI policies.

Q—I am a World War I widow of a veteran who served 80 days in the U. S. Army. Am I entitled to a pension?

A—Ninety days of service is the minimum requirement for widow's pension rights, unless the veteran was discharged for service-incurred or service-aggravated disability.

## West Newton

At a tea at their home on Sylvan avenue, Saturday, December 31, Mr. and Mrs. A. Philip Guilès entertained about two hundred friends who met to exchange New Year wishes and to congratulate Miss Marian Louise Guilès and her fiancé, Mr. Constant van Eeghen on the announcement of their coming wedding.

President John L. Knight of Baldwin Wallace College, Berea, will speak on "The Spirit of the Age" at the Oberlin College Vespers Sunday, January 8, at 4:45 p.m. in Finney Memorial Chapel. Student assistants will be Marilyn Milne, '52, of Columbus and John Fredrickson, '51, of West Newton.

Dean Chester M. Alter, of the Boston University graduate school, and a resident of 83 Bonad road, West Newton, will be interviewed over Station WEEI Friday at 4 p.m., on the "Chemistry at Work" series, weekly program of the North East Section of American Chemical Society. Dean Alter will discuss educational requirements for chemists.

Boston alumni of The Fessenden School honored Howard Plumley, dean and teacher for 27 years, with a dinner at the Parker House, Wednesday evening, Jan. 11. Each year alumni honor one faculty member of long standing.

Dr. Herbert Hitchens and Mrs. Hitchens of the First Unitarian Church will be given a farewell reception tomorrow evening, preceding their departure for Buffalo, N. Y., where Dr. Hitchens has accepted a call to a Unitarian Church in that city.

Miss Elaine Patterson and Mr. John C. L. Shaback Jr. of Cranston, N. J., whose engagement has been announced by Miss Patterson's parents, Mr. and Mrs. Richard W. Patterson, plan an early June wedding.

## After Four Consecutive Defeats, Hall Sextet Wins

By ED. PISELLI

After suffering four consecutive defeats in as many starts, the Newton High hockey squad qualified for the win column by defeating a winless Belmont sextet 4-1 at the Boston Arena in the fifth G.B.I. League meeting. Newton's first victory of the season was at the expense of the only team which has yet to win a game this year, and who last week shared the cellar with the locals with a four-game losing streak.

Coach Jack Hall's lads were due to break the discouraging pattern of losses, after some early season near-misses with Rindge and Steneham. The Hall's were just edged out in those tilts, 6-5 and 4-3, respectively, but were decidedly owned by Arlington, 5-1, and Melrose, 3-1.

The Orange win was impressive from start to finish, and individual honors go to Doug Evens, who accounted for two tallies, and Bob Thompson and Doug Manchester, who each registered one apiece. Manchester came in for an assist on the Thompson goal, which occurred late in the first period.

The lone Belmont goal was one of those flukes that now-and-then happen, and not-tender Feeley must be still curious as to how the elusive puck got past him.

It took only five minutes for the Halls to penetrate the opposition's defenses, which proved to be porous to later Newton attacks. Manchester, center man or Hall's second line, did the honors on a solo flight taking the puck in from the left side for Newton's first marker. It was an angle shot about 15 paces just catching the corner at 5m. and 46 sec. of the initial period.

A few minutes later the Orange hit again, the same second front line doing the blasting. Bob Thompson teamed up with Manchester for this one Thompson

picking up a pass-out from Manchester and slamming the disc past goalie Roy Kerr at 7m. 28s. Belmont retaliated before the Newton cheers subsided, just 15 seconds after the Hall's lamp lighter. Right defenseman John McDougall sped in from the left side, letting go with a swipe about 20 feet out. The disc left the ice and was caught by Feeley about waist-high. The force and velocity of the puck was evidently enough to sail in and out of the Newton goal-tender's left gauntlet, and it dropped easily into the cage. Feeley looked just as perplexed as the spectators, but Belmont lit the lamp with that tally at 7:43.

Nursing their one point edge, the Halls tightened their defenses in the middle session and waited for a break. The Frank Bennett-coached Belmont squad hammered away at the Orange net, but were denied any further hand-outs.

Late in the period, Doug Evens tallied his first goal of the afternoon in a mad scramble in front of the Belmont cage, with everyone taking mighty swipes at the puck. Evens tried to ram it in, and when it rebounded off Kerr's stick, Evens pushed it between him and the left corner. He was given full credit, the time was 7:54.

The finale featured another solo by Evens, who flatted down from midice, lighting the lamp at 4m. 12 s. of the last period. Previous to this tally, Newton led another chance go by the boards, when Manchester failed to complete a nice pass-in from Thompson.

The win takes the Halls out of its cellar dwelling and into a sixth-place tie with Cambridge Latin. Newton's opponent this Saturday.

## Newton Hoopsters Handed Second Defeat of Season

In a preliminary game of the Celtic's basketball program at the Boston Garden last Friday night, the Newton High hoopsters were handed their second defeat of the season, this one by arch rival Waltham High, 47-40. It was the Watch Citizens fifth straight triumph over the Orange in three years of league play, and the loss leaves Reginald Smith's boys with a record of two victories and two defeats thus far in Suburban League standings.

The Smiths, regardless of their set-back, turned in one of their best efforts this year behind the clever ball-handling of high scoring, right forward Henry McQueeny, who poured in a total of 16 points, four via the foul line route. Center Bert Peck chipped in with eight markers to place second in the scoring department.

Waltham took an early lead in the first quarter and held their advantage throughout the entire contest, except for a momentary surge by the locals in the third session, when they went ahead, 24-23. But other than that, the Orange lagged in the scoring, yet turning in some gallant plays in an effort to put a damper on the Waltham attack.

Joe Arsenault, center and mainstay of Coach Art Quinn's array, hit for a total of 16 points, two from the gift stripe. The Crimson's first quarter 14-8 margin came as a result of Arsenault's dead-eyed shooting for four field goals.

Newton closed the gap toward the end of the first half, chalking up 11 points, to Waltham's nine, setting the half-time score at 23-19.

The third quarter saw the locals push their attack, McQueeny paving the way to a see-saw battle between the two clubs. Breaking up any organized Waltham strategy for lay-ups, the Smiths scored on a sequence of

a McQueeny foul shot, Peck's under the basket spin-in, and a well-timed back-hander by McQueeny.

This lead was short-lived when Bob McCue flipped in a field goal after a foul shot by right guard Bob Quinn of Newton, making the score 25-21. Both clubs battled for the edge but were snarled in a 27-27 tie late in the third session, this being broken by Waltham's McCue on a bucket lay-up. Progress was slow and precarious, but the Quinns gradually forged ahead, this time holding their lead the rest of the game. The third quarter ended when Henry O'Hara, smallest lad in the Watch Citizens aggregation at 5-3, found the range from the corner giving the Crimson a 34-30 margin.

The Quinns out-pointed the Orange in the last frame, 13-10, and sparked by diminutive O'Hara, who looped in two more tallies, kept the locals at bay while posting a healthy edge of seven points. Late in the finale, Newton lost the services of center Bert Peck because of five fouls. The final was 47-40, putting the Waltham club into a two-way tie with Watertown for first place, and dropping the Smiths to fifth in league standings.

## Our Lady's Blanked by Christopher Columbus 1-0

By ED. PISELLI

Our Lady's High could not seem to find the range last Sunday afternoon, and as a result was blanked by Christopher Columbus, 1-0, at the Boston Arena in the Catholic Hockey League. It was the fourth straight loss for Jim Sullivan's squad, who haven't hit the win column since their first league game victory over St. John's of Danvers.

It was a scrappy Columbus crew that kept the Purple and Gold away from the tallying circle, and frequent well-paced drives by the Sullivan's were repulsed, either by goalie Joe Lanzilli or the opposition's rear guard. Numerous scoring opportunities were cast away by the locals, spotty shooting and a laxness at pressing their advantage some of the faults committed by the Purple and Gold.

After a first period tally by Columbus, both squads tried desperately for the remainder on the tilt to penetrate the other's defenses. Our Lady's can take all honors for the middle session, holding the disc down in scoring territory most of that period. Luke Fannon and George Petee harried the Columbus goal tender with shots from every angle, but entrance into the hallowed citadel was denied.

The only tally of the afternoon, and which later proved to be the decider, came at 7m. 25s. of the first period. Right guard William Prouse flashed down the middle, took a pass from right wing Francis Quinn, and levelled a shot at the cage, just beating Our Lady's keeper, Bill Lawn.

Following the local's attempt to register an equalizer, the lads from North Boston had a near miss in the second heat. Left wing Richard Lawler angled a shot at the cage which fell between defenseman Bill Cronin and goalie Lawn, and rolled merrily along the front of the net. Petee quickly cleared the meandering pack before any damage was done.

The finale saw little activity, except for a steady stream of offenders heading for the penalty box, four wearing the Purple and Gold. Cronin got the levelled finger at 2:25 for interference. The bitterly fought contest resulted in three more penalties for the Sullivan's, John

McKinnon being directed to the dock for leaving his feet at 7:01. Petee, who probably holds the unofficial record for penalties in the Catholic League, collected one for tripping, coming at 8:02, followed by Luke Fannon for a cross-check infraction at 9:21.

Another stiff test is expected next week when the Sullivan's meet once-beaten Central Catholic of Lawrence, who are in second place in league standing. Our Lady's record stands at one victory, and four defeats, and is sixth in the league's record book.

After a four-month chaise in the Mediterranean, Lawrence J. Driscoll, boatswain's mate, third class, USN, son of Mr. and Mrs. Lawrence J. Driscoll of 34 Beecher terrace, Newton Centre, is scheduled to return to Norfolk, Va., February 7 aboard the destroyer USS John W. Weeks.

## Seek to Improve Church School Education in Newton

At a meeting of the Newton Minister's Association held last Thursday, a panel discussion took place on church school education for the improvement of Protestant Christian education for Newton youngsters.

Members participating in the panel included Dr. Wesley Fallow, Crosby Hodgman, principal of Beaver Country Day School, and Donald Mitchell of the Newton High School faculty. Rev. Richard McClintock of the Church of the Messiah, Auburndale, acted as moderator.

During the discussion it was brought out that Newton Sunday showed many areas in which there were possibilities for improvement. One of the important needs of these schools, it was emphasized, extends beyond facts alone. There must be created an enthusiasm, "a fire in the heart of the teacher." A real purpose must be established in schools sessions, it was contended.

About twenty-six members of the association were present in the Union Church for the meeting and welcomed to the group were Dr. Albert I. Gordon, new rabbi of Temple Emanuel, Newton Centre, and the assistant pastor of the Union Church, Rev. Arthur E. Jehle.

It was stated that Central Congregational Church, Newtonville, will be host to the Newton Council of Churches when it meets Thursday, February 16. The speaker at the meeting will be Bishop John Wesley Lord.

## Clarence Q. Berger To Be Participant

Clarence Q. Berger of Newton Highlands will be a featured participant in the two day activities scheduled for the Third Annual Convention of the State Chapter of Americans for Democratic Action, to be held January 28 and 29 at the Copley-Plaza Hotel, Boston.

Mr. Berger, who is Director of Public Affairs for Brandeis University in Waltham, will chair a special workshop on "Organization for Community Action" at the Saturday afternoon session of the convention.

## Movies of Colorful Figi to be Shown

The Newtonville Garden Club will hold its next meeting in the Library Hall Thursday, January 26, at 10:15 a. m.

Roger Wheeler of Newtonville will show his colored Motion Pictures of "Colorful Figi."

The hostess will be Mrs. Howard Thomas.

Mr. and Mrs. Harland P. Sisk of Holyoke and Mr. and Mrs. Harry W. Blood of Schenectady and family have returned to their home after spending the holidays with their parents, Mr. and Mrs. Winthrop Blood of 31 Woodbine street.

## Junior College to Hold Mid-Year Examinations

Midyear examination week for Newton Junior College is January 23-27. The last classes before examinations meet this Friday.

The second semester begins Monday, January 30. Tuition bills for the second semester are payable not later than January 31.

## Truck Turns Over, Driver Uninjured

A bakery truck turned over on its side early last Friday morning at the intersections of Walnut street and Lowell avenue, Newtonville.

George T. Thomas of 31 Mt. Vernon street, Dorchester, operator of the truck, told Patrolman Neil R. Dwyer that he was proceeding north on Walnut street and applied his brakes to avoid hitting a car coming out of Lowell avenue. Thomas was uninjured.

## Bridge and Whist Party to Be Held For Peabody Home

The New England Peabody Home in Oak Hill, Newton, has been most successful in the treatment of bone diseases in crippled children.

To aid this worthy cause and this most worthy institution, an informal bridge and whist party will be held in the Hall of the Sacred Heart School, Newton Centre, next Tuesday afternoon at two o'clock.

Mrs. William MacDonald and Mrs. Harold J. Taylor will be assisted by Mrs. Patrick Lentino, Mrs. John W. Blakeney and an able committee.

## Massasoit Reunion Set for Jan. 21st

Campers, counsellors, mothers and dads will have an opportunity to get together again to renew acquaintances after an interval of almost five months at the Camp Massasoit Reunion to be held at the Newton Y.M.C.A., 276 Church Street, Newton on Saturday evening, January 21st, at 6:15 P. M.

Dinner will be served family style.

Reservations can be made with Richard B. Simmons, the Camp Director, Wednesday, January 18th, is the deadline.

## Rate Hearing Off Until March 9

A hearing held last week before the State Public Utilities Commission relative to a proposed 35 per cent boost in commutation fares on the Boston & Albany railroad, which brought forth vigorous protests, was postponed until March 9. The postponement was made in order that more financial data from the railroad be obtained to support its petition for the increase.

## Newton Salesman Robbed, Slugged In Charlestown

Louis Kouffman, 39, of Athol-stane road, Newton Centre, household goods salesman, was slugged and robbed last Saturday by three gunmen in Charlestown.

After felling Kouffman, the bandits took \$150 from his pockets and drove away in his automobile containing more than \$500 worth of merchandise.

The bandits, all about 25 years old, approached Kouffman in the hallway of a house at 3 Wall street, where he has been making a collection. He later was treated for a bruise on the head.

Kouffman's car was found abandoned a few minutes later on Dunstable street, Charlestown, with the merchandise intact.

## Bloodmobile In Waban and Oak Hill This Week

Mrs. Hannah Levenshoh, Director of the Blood Program of Newton Chapter, American Red Cross, stated this week that one day during the year is being set aside in each section of Newton to participate in a recruitment plan.

The Bloodmobile will be in Newton Thursday and Friday of this week and these two days are being taken over by the Waban and the Oak Hill section. Large committees are working on this program in both Waban and Oak Hill.

Citizens of these two sections are urged to donate their blood this week for this most worthy cause.

## "Architecture" to be Subject of Talk

Mrs. Horace W. Cole will read a paper on "Architecture" at the meeting of the Social Science Club next Wednesday morning at the Hunnewell Club.

The hostesses will be: Mrs. Arthur J. Mansfield and Miss Adelaide Ball.

## Norma Olson, All Newton Music School Graduate, Playing Cello In Indianapolis Symphony

Last Saturday night in Symphony Hall, Boston, Norma Olson, graduate of the All Newton Music School, played at the first desk of the cello section of the Indianapolis Symphony Orchestra with Fabien Sevitzky conducting.

Miss Olson came to the All Newton Music School at the age of seven and had all of her early training there under Ruth Masters, teacher of violinello at the Music School for many years. After graduating, she entered the New England Conservatory from which she was graduated, completing the four year soloist course in three years. She continued her study with Alfred Zighera of the Boston Symphony Orchestra, and taught both at the New England Conservatory and the All Newton Music School.

During the war, Miss Olson gave up her teaching to accept a commission with the U.S.O. making a playing tour lasting over six months in Alaska and the Aleutian Islands and later a similar assignment in Europe where she played for service men in Germany, France, and Italy.

Before joining the Indianapolis Orchestra in the fall of 1948, Miss Olson, a native of Waltham, was popular as a soloist and had the reputation of being an artist of outstanding ability and talent in Greater Boston and in other parts of New England.

Several members of the staff and faculty of the All Newton Music School attended the concert in Symphony Hall last Saturday night. Later they were among the invited guests at a reception given after the concert in honor of Miss Olson at the home of her parents, Mr. and Mrs. William Olson of Wellington street, Waltham.

## W. Newton Comm. Centre Annual Meeting Tuesday

The annual meeting of the members of the corporation of the West Newton Community Centre will be held Tuesday at 10 a.m. in the portable. Coffee will be served preceding the meeting.

Immediately following the adjournment of the meeting of the corporation, the Board of Directors of the West Newton Community Centre, Inc., a Newton Red Feather Service, will hold the annual election of officers.

Mrs. George C. Sweeney is chairman of the nominating committee of which Mrs. W. Duncan Russell and Mrs. Richard B. Catell are also members.

Mrs. William H. Cady, executive director of the Centre, announces both new classes in wood working, under Mr. Konrad Bose, are filled but that registrations are being accepted for the basketball groups for girls. Those in the seventh grade meet Friday nights from 7:45 and those in the eighth and ninth grades, from 7:45-8:45. Miss Ruth Hutton, a student at Boston University College of Physical Education for Women, Sargent, is coaching these games.

The Moulton Club of the West Newton Community Centre, Inc. has added crocheting to its list of activities and Mrs. Edward S. Abbott is the instructor. The next meeting of this club will be held Jan. 23.

## Two Weeks Junior H. S. Pupils Injured

In the first of three accidents reported last Thursday, two Weeks Junior High School pupils suffered leg injuries when they were getting out of a car that was struck by a truck backing up near the school. Injured were Barbara Zeolla, 14, of 1170 Walnut street, Newton Highlands, and Catherine Hartnett, 14, of 1 Raeburn terrace, Newton Highlands.

Mrs. Doris Morse of 189 Hartman road, Newton Centre, told police that she had stopped her car near 216 Brookline street, Newton Centre, where it was struck in the rear by another car. Mrs. Morse and her husband, Donald L. Morse, suffered back and neck injuries and were treated at the Newton-Wellesley Hospital.

In a three-car crash near 487 Boylston street, Newton Centre, two persons were shaken up when one of the operators stopped at a police car which was investigating a stalled car on the turnpike. According to an investigation by Patrolman Peter J. Amese, James M. Potts of Stamford, Conn., stopped near the police car, then Daniel I. Daw of 180 Freeman street, Worcester stopped his car which was struck by a car operated by Robert E. Loomer of 42 Sigel street, Worcester. Mr. Loomer and a passenger riding with him, Raymond McHugh of 167 Lincoln street, Worcester, claimed injuries. The two rear cars were wrecked and had to be towed away.

Melvin Milender, 25 Lancaster road, Newton, has been pledged to Alpha Epsilon Pi fraternity at the University of Massachusetts.

## Fireman Rescued In 2 Alarm Centre Blaze

FIREMEN SHOWN battling stubborn blaze at 143-145 Elgin street, Newton Centre, Monday night. Damage caused by fire was estimated at \$10,000.

Thomas A. Tolan, 50, of 24 Crafts street, Newtonville, attached to Engine 3 of the Fire Department, was overcome by smoke when he apparently tripped inside the building at 143-145 Elgin street, Newton Centre, during a fire Monday night which caused an estimated \$10,000 damage to the duplex house at that address. Rescued by fellow firemen, he was removed to the Newton-Wellesley Hospital in the police ambulance and after treatment was sent to his home. Reports received Wednesday indicated that he is recuperating and is expected back on duty in a few days. Two other firemen were also treated at the scene for injuries.

The fire, which badly damaged the structure, made seven persons homeless. Four-year-old Paul Bogrow was carried from the burning home by his parents, Mr. and Mrs. Alexander Bogrow, who live at 145 Elgin street. The fire was discovered by Maurice G. Charest, 24, a Boston College student living in the apartment of the owners, Mr. and Mrs. Angelo Gallo, 143 Elgin street. Charest was alone in the apartment when he observed smoke coming up through the heat register in his second-floor bedroom and on investigation, found the living room in flames. He warned the family next door and summoned police, who called the fire department.

Mrs. Gallo, who was out walking at the time the fire was discovered, was not injured.

## Newton Ranks 6th Building Permits

Building permits issued in December showed that Newton ranked sixth among the cities and towns in Massachusetts in the volume of prospective building construction, the Massachusetts Department of Labor and Industries has reported.

Newton had a total of \$822,915 and was exceeded by Boston with \$9,598,452; Somerville with \$2,541,175; Quincy with \$2,150,929; Salem with \$1,069,300; and Brockton with \$837,740. Among the important projects listed in Newton was a dormitory at Lasell Junior College, to cost \$450,000.

## Paintings of Joseph Smongeski At Newtonville Branch Library

An exhibition of paintings by Joseph Smongeski at the Newtonville Branch Library will continue through February 4. In this showing of paintings, Mr. Smongeski presents a fine and distinctive talent. His works contain a zeal and vitality which on close examination reveal a wealth of sophistication.

Formerly from the mid-west, Mr. Smongeski painted in Wisconsin, Illinois, Bermuda, the New England states and New York. His past record includes exhibits at the Art Institute of Chicago, and in Milwaukee and Madison Wisconsin and New York City.

## Riley J. Hampton Appointed Red Cross Disaster Chairman

Riley J. Hampton of Newtonville has been appointed Disaster Chairman of Newton Chapter, American Red Cross, filling the position held for over six years by Charles B. Floyd.

Mr. Hampton, whose experience as Air Raid Warden during the war prepared him for his new assignment in coordinating the organization for disaster preparedness and relief in Newton, is well known in the city where he has been a resident for 20 years.

Recently elected to the Board of Aldermen, he served as chairman of the 1948 Community Chest Drive, as publicity chairman in its 1949 drive, and as chairman of last year's drive for the Newton-Wellesley Hospital. He is a director of the Newton Community Chest and the Stone Institute and Newton Home for Aged People.

Mr. Hampton is employed at the Raytheon Manufacturing Company in the personnel, purchasing and production distributing division and serves as a director of the Salvation Army in Waltham.

Mr. Floyd will continue to serve as vice chairman of the Disaster Committee, with Mrs. P. Edward Eden and Lincoln Alford.

## Future of Newton Corner to Be Under Discussion Feb. 14

Many people are expressing a keen interest in the coming meeting of the Newton Corner Discussion Group which will be held in the Underwood School auditorium February 14 at 7:45 p.m. The subject for discussion is announced as "Newton Corner in 1965—A Preview by Experts."

Prominent Newton speakers familiar with the problems of guiding our future development are being secured. These speakers will be announced in the next week's issue of "The Newton Graphic."

## Rubbish Barrels Must Be at Curb by 7 A.M. for Pickup

The attention of all citizens is called to the requirements of the ordinances that all rubbish containers must be placed at the curb by 7 a.m. on the day of collection.

Two crews pass through each route, the first collecting combustibles only, followed by a second crew collecting only non-combustibles. Recently there have been a number of instances where barrels of combustible material have been placed at the curb after the crews collecting this type of material have passed through the routes. This is to warn all citizens that collecting crews have been instructed in such instances not to make a second collection of combustible material. The Police Department will also be asked to notify violators to remove such rubbish from the highway until the next collection day. Personnel of the department and funds available are not sufficient to provide special collections.

## Asks Residents To Return Dime Card

A plea to Newton residents to fill up their March of Dimes cards and return them as soon as possible has been issued by Francis J. Murphy, chairman of the Newton Chapter.

"Newtonites have been extremely generous in their contributions in the past," he said, "particularly during the emergency last summer. Now, however, the situation has become so serious that the Newton and Middlesex Chapters must have more funds immediately. Only an 'over the top' Dimes drive now will enable us to meet the tremendous obligations incurred by the epidemic and to continue providing help and treatment for the many who need it so badly."

## Payrolls Larger With Less Workers

Newton manufacturing establishments reported that in November last year, workers employed were less than for the same month in 1948. They also reported, however, that the amount of payrolls for November last year were greater than for the same period in 1948.

The number employed here November, 1949, was 4105 compared with 4281 in 1948, a decrease of 176 workers, or 4.1 percent.

The amount of payrolls in November last year increased \$65,359, from \$821,106 in 1948 to \$886,465 last year. This represented an increase of 7.9 percent.

## Newtonville Girl Wins Short Story Contest Award

Miss Mary-Louise Cutting, 17-year-old daughter of T. Jerome Cutting, English instructor at the Newton High School, and Mrs. Cutting, of 95 Walker street, Newtonville, has been awarded the third prize of \$100 in a short story contest conducted by the magazine "Seventeen." The article, "The Lonely Time," will be published in the May issue of that magazine.

Miss Cutting is receiving training in constructive writing in the class of Professor M. Rolland Heintzelman of the Newton High School, where she is a member of the senior class.

## Says Billy Graham Better Than Billy Sunday

"There never was anybody like Billy Graham in Boston," contends Mrs. John W. Wilson, 85-year old widow of 77 Hartford street, Newton Highlands.

"The difference between Billy Graham and 'Billy' Sunday was that Sunday was a bad man who later became good. Billy Graham has always been a good man, a man who receives no monetary reward from his work."

"Billy Sunday used to tell jokes and stories on the stage, and preached religion. Billy Graham sticks to the Bible, and does not refer to any religion or church. He merely seeks a return to God."

Mrs. Wilson left a sick-bed to attend the final revival meeting at the Boston Garden and to give a "love offering" to the Rev. Mr. Graham.

## Balanced Music Program Helps Combat Delinquency

Taking as his subject, "Serving the Community Through Music," Dean Warren S. Freeman of Boston University College of Music, praised Newton for having such close and pleasant cooperation between the music department of the public schools and the private music school which is unusual in some communities. His address was presented Wednesday evening, January 18, before the Board of Trustees of the All Newton Music school, members of the staff and guests.

Dean Freeman in his talk discussed three main topics—what can be done to develop music in the home, the schools, and the community. One of his suggestions was that although we are constantly aware of the increasing use of radio and television for music appreciation, there is no real substitute for the development of a close kinship obtained in a family by playing or listening to one's own music in his home. He stated he felt that Newton has a well balanced music program in the public schools, but that by making available more positive agencies such as music, good literature, and the arts, to a greater number of young people, we can more easily combat juvenile delinquency and build stronger citizens. His closing suggestion was that more community music on an adult level is needed and can be a great influence in bringing people together in social groups, thereby developing a fine-spirited community of friendly families.

Mrs. George Fernald, building committee chairman, commented briefly on the status of the building with certain recommendations for improvement.

Mrs. William A. Gallup, chairman of the scholarship committee, reported several scholarship students studying in the music school, among them two with awards from the Mothers' Auxiliary. Two other students are studying under scholarships from the Newton Chamber Music Association. In addition the Luke Seaver Scholarship which was established in the early 20's was awarded to a talented student of the piano department. The William Lester Bates fund, founded in memory of Mr. Bates five years ago, has enabled a voice student to continue study each year.

Mrs. Sylvester McGinn, publicity chairman, reported that present publicity concerns the rummage sale to be held by the Mothers' Auxiliary this Saturday from 9 a.m. to 4 p.m. at 249 Walnut street, Newtonville. This sale will benefit the Scholarship Fund.

Mrs. B. Alden Thresher, president, announced that the third annual "Pop Concert" will be held at the High School, Friday, March 10. The Newton Symphony Orchestra, conducted by Donald March, will give the concert with the addition of some advanced students from the Music School. Mrs. Ralph Hall, past-president of the Mothers' Auxiliary, will be general chairman in charge of the evening.

Following the business meeting, the board members were entertained with Mozarts Quintet for Stings and Clarinet, presented by Miss Irene Forte and Mr. March, violins; Mrs. Mary Scipione, viola; Miss Dorothy Perry, cello, and David Starkweather, clarinet. Mr. March is supervisor of instrumental music in the Newton schools. David Starkweather is an advanced clarinet student of the All Newton Music School and the others are members of the staff.

## St. Ignatius Church Newton, Victimized By Brink's Holdup

St. Ignatius' Church, Chestnut Hill, Newton, was among those victimized in the Brink holdup recently in Boston. It was revealed by church authorities Sunday.

It was announced from the pulpit at each mass that in the loot taken by the bandits was a batch of checks representing part of a previous Sunday's offering received at the church, and also payments made for subscriptions to the Pilot, weekly newspaper of the archdiocese.

Those who made such payments by check were asked to stop payment on the stolen checks, and reimburse the church with new ones.

## Council Approves Highway Contract

The State Executive Council last week gave its approval to a \$3,032,417 contract for highway and bridge construction in Newton, Needham, Wellesley and Weston, part of the reconstruction of Route 124, which circles Metropolitan Boston.

The contract has been awarded to V. Bartlettaso of Roslindale, the low bidder.

## Miss Ruth Arnold Installed Worthy Advisor of Rainbow

## David W. Tibbott Is Re-elected Moderator

At the annual meeting of the First Church in Newton, Newton Centre, David W. Tibbott of 27 Trinity terrace, Newton Centre, was re-elected moderator. The meeting was held in the chapel last week.

Prior to the meeting a dessert was served by the hospitality committee under the chairmanship of Mrs. George B. Hamilton of the Women's Benevolent Society and was attended by approximately 100.

Mr. Tibbott presided and nominations were presented by a committee composed of Dr. Edwin M. Scribner, George E. Squire, Alan W. Burke, John C. Storer and S. W. Wilder.

In addition to Mr. Tibbott, those elected to office include W. Cullen Moore and J. Arthur Noon deacons; Richard E. Hodgkins, junior deacon; and Mrs. Herbert W. Gates, Mrs. George E. Hill, Mrs. Kristian A. Juthe and Miss Mary L. West, deaconesses.

Also elected were S. W. Wilder, clerk; Miss Marjorie H. Dunham, assistant clerk; Hans K. Fisher, treasurer, and Harold D. Leach, auditor.

Named to the standing committee-at-large were Lloyd C. Fogg and Richard Willis, Lester A. Moriarty and Rose L. Trenholm were named to the prudential committee, and Robert C. Casselman to the music committee.

## Chief Purcell Praises Men for Fast Census Work

Members of the police department who worked on the annual listing of residents were commended last week by Chief Philip Purcell.

He stated "Chief Purcell thanks all the officers who assisted in taking the annual census for their marvelous spirit of co-operation shown, which resulted in completing the task in 11 days."

## Skidding Car Crashes Light Pole - Man Injured

J. Crate Larkin, of Derby, N. Y., was injured early last Wednesday morning when he skidded on the snow and knocked down a light pole on Commonwealth avenue, near the Lake street MTA station.

He suffered an injury to his left thumb and two broken front teeth. The car was badly damaged and had to be towed away.

## Wm. J. Baxter to Be Candidate for Representative

William J. Baxter of 165 Elgin street, Newton Centre, has announced that he will be a candidate for State Representative from the 5th Middlesex District in the September Republican primaries.

A resident of Newton for a quarter of a century, Baxter is married and has a son and daughter, both educated in the Newton public schools. He is a veteran of the first World War and during the recent conflict maintained an active interest in the welfare of the men in uniform.

Baxter has been active in civic affairs for many years taking part in the Community Chest, Red Cross, Salvation Army and Newton-Wellesley Hospital fund drives. He has also worked with the Boy Scouts, serving for two years on the council and for five years as a scoutmaster.

## Dr. Frank Jennings to Be Guest Speaker at Brotherhood Meeting

DR. FRANK JENNINGS

Dr. Frank Jennings, executive secretary of the Massachusetts Council of Churches, will be guest speaker at the first annual Brotherhood Meeting of the Dr. Joshua Loth Liebman Lodge and Chapter of B'nai B'rith to be held Wednesday evening, February 15, at Temple Emmanuel.

Those wishing further information with regard to the rules of the contest may obtain it by writing the society headquarters.

Just recently homeowners in Newton and throughout the State learned of a State law which gives to outside authorities the right to circumvent local building codes providing structures conform to "regulations of the state board of standards, or a qualified engineer who files an affidavit that the plans provide adequate performance for which their use is intended."

Under such circumstances the protection afforded by the City of Newton regulations is broken down completely, as it is in all cities and towns of the Commonwealth.

By State law, the building commissioner must issue a permit even though the proposed structure does not conform to the Newton building code, if it conforms to the regulations of the State Board of Standards. If the proposed structure does not conform to either the City or State regulations, a permit must be issued if the builder can produce an engineers affidavit that the plans "provide adequate performance for which their use is intended."

The Oak Hill District Improvement Association, in a report dated January 23 to the residents of Oak Hill, reveals this situation and is the outcome of building going on in that section which, it is said, is being done by such State law.

## Social Events -- Weddings -- Engagements -- Women's Organizations

**"Cinderella" To Be Presented By Fed. of Women's Clubs**

Under the auspices of the Newton Federation of Women's Clubs, one of the world's best loved fairy tales will be produced in the auditorium of the Newton High School Thursday afternoon, February 9, at 3 o'clock.

At that time the Clare Tree Major Children's Theatre of New York will present "Cinderella."

Cinderella has all the elements which make a story in its appeal: suspense, mystery, a beautiful heroine with whom readers may identify themselves; cruel and abusive oppressors who are ultimately overcome as truth, virtue, and humility aided by a handsome hero triumph.

The committee in charge of arrangements is headed by Mrs. Allan R. Marrow, assisted by Mrs. Clarence Wentworth.

**Dierdorff-Vaughn Engagement Announced**

The engagement of Miss Ruth L. Dierdorff, daughter of Mr. and Mrs. Irvin Ellis Dierdorff of Brookline to Phillip Brooks Vaughan, has just been announced by her parents. Mr. Vaughan is the son of Mr. and Mrs. Hollis B. Vaughan of 167 Woodward street, Newton Highlands.

Miss Dierdorff is a graduate of Boston University. Her fiancé attended Williams College and was graduated from the University of Maine, College of Engineering. He is now with the American Steel & Wire Company in New York.

A September wedding is planned.

**Announce Engagement of Priscilla Wiggin**

Dr. and Mrs. Sidney Cushing Wiggin of Waban announce the engagement of their daughter, Priscilla, to Mr. Eben Skillman Church, Jr., of Providence, R. I., son of Mrs. Eben S. Church, Riverside, Connecticut, and the late Mr. Church.

## Miss Jean Gardner Oliver Weds Mark W. Leiserson

Wearing a gold brocade street-length dress, Miss Jean Gardner Oliver, daughter of Mr. and Mrs. Warren W. Oliver of 36 Prescott street, Newtonville, became the bride of Mark Whittlesey Leiserson, son of Mr. and Mrs. William M. Leiserson of Washington, D. C., and Salem, Connecticut, December 28.

Reverend Randolph S. Merrill performed the double ring ceremony at 4 o'clock in the Central Congregational Church, Newtonville, which was decorated with white gladioli.

Miss Oliver, who was given in marriage by her father, carried white roses. Her gown was styled with fitted bodice and skirt of unpressed pleats.

Miss June A. Palladino of Newton, the bride's only attendant, wore a blue crepe dress and carried American Beauty roses. The best man was Jack F. Bennett of Cambridge.

Following a reception at the home of the bride, the couple left on a wedding trip to New York City. They are making their home at 11 Dana street, Cambridge.

The bride received her Master's Degree in Economics at Mt. Holyoke College in 1949. Her husband, who attended Oberlin College, served with the armed forces in Europe during the recent war. He graduated from Harvard College in 1947, obtained his master's in Economics and is now a teaching fellow in economics.

## Preparations Being Made for Annual Girl Scout Cookie Sale

Under the co-chairmanship of Mrs. Dwight P. Merrill and Mrs. John Swanton Jr. of Newton, a central committee is already at work on preparations for the annual Girl Scout Cookie Sale which starts this year on February 11.

Proceeds of the sale will be used to serve the twofold purpose of increasing the individual troop treasuries and of expanding this entire outdoor program of the Girl Scouts of Newton, both within the troop programs and for summer campers. The Newton Council of Girl Scouts, although it is a Red Feather Agency, does not receive funds from the Community Chest for camp equipment and maintenance. Hence, the Cookie Sale supports 20 per cent of the costs of camp Mary Day and 33 per cent of the costs of the Day Camps, with resultant lower fees to Girl Scout Campers than would otherwise be possible in Newton.

A change in policy in the 1950 sale will enable everyone who so wishes to buy cookies directly from the Girl Scouts with no waiting period, although orders may still be given for delivery at the end of one week.

Members of the Central Cookie Committee are as follows: Mrs. Merrill and Mrs. Swanton, chairmen; Mrs. Henry Kneppenberg, secretary; Mrs. Harry Myers, treasurer; Mrs. Stanley Rowland, publicity; Mrs. Herbert Woodward, camp; Mrs. Franklin Cross and Mrs. Harry Brantli, leaders. And representing each Village as Village Cookie chairmen are: Newton, Mrs. Alexander Pratt and Mrs. Charles A. Roche; Newtonville, Mrs. Arthur Johnson; West Newton, Mrs. Robert Ingham and Mrs. Ernest Thompson; Newton Highlands, Mrs. Henry Bliven; Upper Falls, Mrs. Hans Graf;

Newton Lower Falls, Mrs. Frank Shipp; Oakhill, Mrs. Willard Pratt; Waban, Mrs. George Wile and Mrs. Benjamin Bates; Auburndale, Mrs. Lyman Beggs; and Newton Centre, Mrs. Ray Jones. Miss Elizabeth Richardson, executive director, and Mrs. Earl B. Bourne, commissioner of the Newton Girl Scout Council are serving as ex-officio members of the 1950 cookie committee.

## Arlington Takes Newton 41 to 35 in Overtime Game

By JOE McGAFFIGAN

In one of the most thrilling contests witnessed this year in Suburban League competition, Newton High's quintet bowed to Arlington High in an overtime game 41-35 last Friday in the Arlington High gym. The defeat gives Coach Reggie Smith's squad an even break in eight games and a 2-3 record in the Suburban League standings. It also left them in fifth place behind Waltham, Watertown, Brookline, and Arlington.

Captain Bud McQueney and Dick Curly shared the scoring honors for the Tigers with eight points apiece.

The Tigers had a 34-33 lead by virtue of Burt Peck's long set shot with one minute to go. With forty ticks left, Arlington's Jack Cosgrove tossed in a free shot to send the game into overtime.

It looked like a sure victory for the Smiths as they racked up a 10-4 lead at the end of the first period. The Tigers kept scoring but their lead slipped to 16-13 at the end of the half. Midway through the third period the Smiths had 25-20 lead, but after that the Spy Ponders definitely had the upper hand. Cosgrove's foul shot tied the game 25-25. The score was tied four times in the home stretch: 25-25, 27-27, 29-29, and 34-34. The final stanza was played conservatively by both clubs which scored only seven points each. Cosgrove's sensational foul with seconds remaining put the game into overtime.

In the extra stanza the Tigers were definitely off their game. Their main fault was their spotty shooting and Dick Quinlan's toss from the free line was their only score in the overtime period.

## Three Pro. Wrestling Bouts at Waltham Armory Fri. Night

A brisk ticket sale was reported by the Waltham National Guard sports committee for the wrestling card to be presented this Friday night at the Waltham Armory at 8:30 p.m., with three professional bouts listed for the entertainment of Waltham and vicinity sports fans.

Matched in the feature contest Friday night are Guy LaRose of Canada and Rebel Rob Russell of Newport, R. I.

New England wrestling fans have really taken to LaRose, a giant French-Canadian from Montreal. This strapping 24-year-old matman stands six feet, four inches in height and weighs 225 pounds, a performer who makes a striking appearance in the wrestling ring.

LaRose rates with the best athletes sent into the U. S. from across the border. As a sixteen year old youngster, he learned to wrestle in the neighborhood gymnasium. He loved weight lifting and he divided his time between the two sports. He was rated a great prospect for the Olympic games as a wrestler until the authorities discovered his age and kept him out of most competition. As a result, he never gained rightful recognition.

Then, along came the war, and LaRose was on his way to join a French Canadian outfit. He was assigned to a motorcycle Corps and soon became heavy-weight wrestling and boxing champ of his division. Shortly before his honorable discharge, he turned professional wrestler, after a lengthy debate as to whether he would pick the mat game or boxing. Wrestling won out. Experts predict he is going to be a tough man to stop in his rise to heights in the wrestling world.

Two other bouts that loom as thrillers are also listed on the program for Friday night. The semi-final sees Tom Casey, "The Boy from Ireland," matched with one of the Phantom Brothers. The special will see two Bay State matmen in action. Clyde Stevens, a former boxer who has turned his talents to wrestling, will engage Fred Carone of Lynn. Stevens is a Maiden boy who has been performing frequently in Greater-Boston rings this season.

Fans can secure reservations for Friday night's armory show by telephoning Waltham 5-0623.

"It Happened in Church" was the subject of the sermon by Rev. Chancey E. Blossom of the local Congregational Church, Sunday morning at 10:30.

## Strong Lithuanian Chess Team To Show "Y" How Game Is Played

In Class "A." at Lynn, the match stands two to two, with one game to be adjudicated.

In Class "B," at Boston University, with the Gambiteers "Y" the score is two to two, the fifth game to be played off Tuesday night at the "Y." At Boston, the C. T. Main Engineers defeated the Fighting Knights "Y" three to two. At the Newton "Y," Boston College defeated the Commonwealth "Y," three and one half to one and a half.

The matches:—In Class "A," the game between Carlton Garfield of Newton "Y" and Jike, is to be adjudicated. Robert Chandler of the Newton "Y" drew with Perkins. Schorer of Lynn defeated Russell. Fitz. John Yariotti of the Newton "Y" defeated Capt. Brown. Dr. Bavelas of the Newton "Y" drew Spiegel.

In Class "B," at Boston Univ. Capt. Harrison Coggeshall defeated Vazakas. The game between Warren Blaisdell of the "Y" and Sinclair is to be played off Tuesday night at the "Y." Hersey of Boston Univ. defeated Kenneth Boegner. Harold Forbes of the Newton "Y" de-

consequently any attempts at passing into the center zone were broken up by Bajak and Co. Central added another digit late in the middle session, with Bajak taking the puck from his defense position, and swept in on the right wing. On a clear shot, and no one to oppose his try, the ace defenseman hit the twine at precisely 9m. 10s.

Nothing the Sullivan pulled off during the remainder of the tilt brought them within tallying range, and for the third straight game they were blanked. Central registered again in the third frame, with Sawyer doing a solo. The lad came in on his right wing, firing from about 15 paces, just catching the left corner at 8m. 49s.

## Newton Edges Thayer Five 39-35 in Non-League Game

By JOE McGAFFIGAN

In a non-league game, the Newton High basketball team edged Thayer Academy 39-35 in a thrilling game in the High School gym. Dicky Quinlan and Dick Curly led the Tiger attack with 42 and 10 points, respectively.

The game was just as close as the score indicates. Thayer jumped into a quick 8-2 lead against Coach Smith's second team. At 5:15 the starting quintet came in and rallied to make the score at the end of the first period Thayer 10, Newton 8. The Tigers continued their scoring spree in the second period to take the lead at the half, 19-15. Quinlan and Curly both threw in four points in this period.

The third period, however, was definitely Thayer's. Paced by Dan Isenberg who tossed in six points

meets every Tuesday night at 7:30 at the "Y," 276 Church street, Newton.

## Large Number At Testimonial Dinner Here

At the testimonial banquet for John N. McMullen and George W. O'Neil, recently appointed lieutenants in the police department, nearly 500 persons filled the high school gymnasium last Thursday night.

The affair was sponsored by fellow members of the Newton Lodge of Elks and other friends of the officers. Thomas L. McEnaney, exalted ruler of the Elks, presented the guests of honor with certificates for combination television, radio and phonograph sets which will be delivered to their homes. The toastmaster was James P. Gallagher, clerk of the Newton Court.

The dinner was opened and closed with prayers by Rev. John A. Saunders, chaplain of the Police Department.

The Women's Guild of St. John's Episcopal Church will hold a Barn Dance tomorrow evening at eight o'clock.

## Newton High Sextet Edged 1-0 by Cambridge Latin

By ED PISELLI

A second victory for the Newton High hockey squad just wasn't in the books last Saturday afternoon at the Boston Arena, and the Halls were shut-out 1-0 by a mediocre Cambridge Latin sextet in the sixth meeting of G.B.I. Hockey League. It was the fifth set-back for the Orange, their only win was that over Belmont High two weeks ago, 4-1, in which they turned in their best performance of the year.

Coach Jack Hall's first line, consisting of center Dan Keefe, and wings Bob Keyho and Doug Evens, literally muffed countless scoring chances, but they can be forgiven most of their misses because they were facing one of the best goal tenders in the League, Richard Heavren. The Cantab's ace net custodian has a reputation of making the opposition work hard for their points, but Heavren is the only jewel in an otherwise poorly coordinated Latin machine.

It would have been a scoreless game only for an obvious misplay on the part of the Newton defensemen who practically handed the disc to Center Ray Kelly for a clean sweep into the tallying arc, and beat goalie Frank Feeley with a clear shot from about 10 feet out.

The Cantab's gift-wrapped clincher came at 1m.54s. of the initial period, catching the Halls completely off-guard, and had the further result of dulling the edge of any future attempts at Heavren and Co.

The next two sessions were won by the locals, if points were given for effort, because most of the tilt was played in the near vicinity of Heavren's cage. The Halls pushed their offense to the utmost, but it was a haphazard, disorganized formation, with center Dan Keefe taking off on many solo flights, only to find a rink-wise Cambridge goalie at the end of each sortie.

The Newton second wave of sharpshooters, consisting of Center Doug Manchester, and Wings Don Thomson and Joe Arnold, kept up the pace but were just as ineffective at lighting the lamp for the locals.

Manchester made a few well-executed stabs, but Ace Heavren turned them away without batting an eye. Failure to control the disc on a front line drive

down the ice, plus spotty passing and inability to take pass-offs and move with the play, spelled defeat for the Orange.

## Would Start Store At Oak Hill Park

Residents of Oak Hill Park, the veteran's housing development, have filed an application at City Hall for permission to rent an area in the parking space in the village for a temporary building to house a store.

William M. Ellingwood, in filing the application, stated that the store will "carry groceries, provisions and other necessities of life."

Legal difficulties prevented the sale of the land by the city to the contractor, the Kelly Corporation of Arlington, since the owner from whom the land was taken by the city by eminent domain, objected to having the land sold for commercial purposes.

A committee of residents has been formed to pave the way for the erection of a co-operative store on the property. It is proposed to set the store up in a temporary Quonset hut.

Triple F. of the W.S.C.S. of the local Methodist Church will hold a Poverty Party in Fellowship Hall tomorrow evening at eight o'clock for all members of the church.

## Tells Newton Teachers How To Get \$1,000 Increase

The Newton Teachers Federation last Friday presented Dr. Andrew Holt, president of the National Education Association, as a guest speaker at a meeting in the high school auditorium. Dr. Holt's subject was "How to Raise Your Salary \$1000 a Year."

Dr. Holt told the teachers of Newton that they must do two things if they wished to secure salary increases: (1) work in their local, state, and national education associations, and (2) work at their job of teaching school.

In developing his first point, Dr. Holt stated, "You do not need to twist anybody's arm in order to secure adequate support for education. All you need to do is tell the people what is happening to their children, and they will do the rest."

He recommended that local education associations organize: (1) a research committee to secure facts and figures concerning actual school conditions; (2) a publicity committee to utilize the press, radio, and various lay organizations to acquaint the public with the facts concerning school conditions which have been found to exist; and (3) a candidates committee to seek the support of a progressive school program from all candidates for public office.

"There is more public interest in education today than ever before in our history, due largely to the fact that our state and national professional organizations have done a magnificent job of acquainting the public with school conditions," he stated.

In developing his second point, Dr. Holt said, "No matter how many propaganda leaflets we publish, beautiful speeches we say, or fine resolutions we have our P.T.A. organizations adopt, in the final analysis, the doctor, lawyer, and merchant in your community will make up his mind on your salary in-

crease on the basis of one thing: What kind of job you are doing of teaching his child."

Platform guests for the occasion were Mayor Theodore Lockwood, Miss Grace Buxton, president of the Massachusetts Teachers Federation; Miss Joanna Connell, vice president of the NEA; Mr. Everett McIntosh, state director of the NEA; Mr. Hugh Nixon, executive secretary of the MTF; Mr. George Koller, president of the Newton Parent-Teacher Association Council, and Dr. James B. Palmer, chairman of the Newton School Committee. Mr. Frederick O. Holmes, president of the Newton Teachers Federation, presided.

A brief reception was held when superintendents of surrounding school systems, including Mr. Lyman Owen of Wellesley, Mr. Ernest Caverly of Brookline, and Mr. Charles Varney of Stoneham, as well as the presidents of teachers' associations in contiguous cities met with Dr. Holt. Other guests were: Mr. Raymond Eldridge, NEA Legislative Commission member; Mr. Raymond Green, principal of Newton High School; Dr. Homer Anderson, special consultant for the Newton public schools; Mr. Harold Gores, superintendent of Newton public schools; Dr. Elwood Drake, director of the Newton Junior College; Mr. Alden Read, secretary of the NTF; and Miss Anna Austin, treasurer of the NTF. Also present were Newton Parent-Teacher Association presidents and Newton School Committee members.

Mr. Donald March of the Newton High School faculty arranged music for the program, and Donald Abbott, a talented young violinist from Newton High School conducted the string section of the high school orchestra.

The entire program was arranged and executed by the Newton Teachers Federation Committee on Community Relations, Mrs. Hazel Stratton, chairman.

Sen. Leverett Saltonstall

## Sen. Saltonstall To Be Oak Hill Park Speaker

Senator Leverett Saltonstall, a former Newton resident, will be the principal speaker at the Oak Hill dedication ceremonies Sunday, May 21, it was announced this week.

Roy S. Edwards, chairman of the dedication, revealed that the Senator had accepted an invitation to speak during the afternoon program that will formally welcome the Oak Hill Park Veterans' Housing project as the city's 14th village.

## Sgt. Concannon Is Re-elected President

At the annual election of officers of the Newton Police Benefit Association held last Thursday, Sgt. Thomas B. Concannon was elected to his second term as president and Sgt. Thomas F. Lechan was named to his 27th term as treasurer.

Patrolman J. Frank Lovely was elected secretary and the new directors are Patrolmen John J. Mullen, Ernest R. Berry, Walter D. Drew and John B. Shorton.

## State Law—

(Continued from page 1)  
cently to aid in the housing emergency the law permits liberal abuse, disturbing undermining of present high standards and a dangerous trend in the usurpation authority, which local group of citizens in the Oak Hill section of the city are attempting to check.

Backed by homeowners and individuals long prominent in the affairs of the Oak Hill District Improvement Association who feel that corrective legislation should protect every community in the Commonwealth, have filed through Representatives Rawson and Whitmore, House Bills 885 and 886, now being agitated at the State House, which seek to restore to cities and towns their authority over materials and methods of building construction and over the issuance of building permits. Aroused by several areas in which houses were being erected under this authority, out of conformity to the Newton Building Code, steps have been taken to bring the matter before the Supreme Judicial Court before further inroads are made in the breach of standards recognized as suitable and desirable for any community.

A hearing on these House Bills has already been held but there is yet time for interested citizens to contact their representatives in the Legislature to encourage them to take a firm stand in seeing that the present authority be so amended that it may never weaken or replace a higher standard that the citizens of that community determine is for their own best interests. The homeowners in Oak Hill are helping homeowners in every other community in the State in their endeavor to challenge this unwholesome usurpation of authority by the State over local building codes. The outcome may have an effect on similar practices in other States as well.

Mrs. Mary Swift (Nickerson), wife of George W. Swift, formerly of Newton, died Jan. 11, in Elizabeth, N. J.

## West Newton Man Hopes To Dive For Lost Gold Treasure

Cold water and ice hold no terror for John F. Light, Jr., of 195 Waltham street, West Newton. Believed to be the youngest diver in New England, John has been diving through the ice at Lake Walden, Concord, for the past several weeks, attracting scores of autoists and passersby who have been intrigued at the 16-year old lad's exploring of the lake's bottom almost every Sunday.

Although it has been said that John has been attracted by the story of buried treasure at the lake, he vigorously denies this.

According to the youth, who is a Newton High School Junior, his

real purpose is not to find a box of treasure in the mud of Lake Walden but rather to prepare himself for some real ocean treasure dives next summer.

He plans to dive for the \$500,000 aboard the old pirate ship Whidah, lost off Cape Cod back in 1717. Although much of the gold and silver has been washed ashore from year to year, there is still a very large amount of it still off the Wellfleet beach.

Light has been assisted in his diving operations, of which he had made 15, by Bill Summers of Craft street, West Newton, and has rented the diving pump from Gordon Winrow, Ripley street, Newton Centre.

covered, returned to find the house in flames. Included among her possessions in the house was a mink coat. Mr. Gallo, a retired Navy chief, was at work at the time. Harrison G. Ainley, a Boston College student, also lived in the Gallo apartment.

Engines 3 and 9 and Ladder 2, under the direction of Assistant Chiefs William C. Fanning and Everett W. Siebert, answered the first call which was received at 10:30 p.m. Box 722 was sounded at 10:43, bringing out Engines 4, 7 and 10 and the second alarm was sounded at 10:50, summoning Engine 1, 2 and 6 and Ladder 1. Engine 1 and Ladder 2 of Waltham were sent to cover in West Newton at 10:53 and returned to their stations at 1:18 a.m. The dismissal was at 2:34 a.m.

The fire, which started of undetermined cause near the fireplace, followed the chimney to the roof, gutting the house. Chief John E. Corcoran announced Tuesday that an investigation of the cause was started by Lt. Michael O'Connor of the State Fire Marshals Office and Sgt. William J. Burke of the Newton Police Department. Up until Wednesday afternoon, the cause had not been determined, according

to the fire department.

Firemen, who were treated at the scene, were Hoseman Thomas F. Shannon of Engine 1, of 5 Gardner street, Newton, who bruised his left foot on a hose coupling, and Hoseman Harold J. Mooney, also of Engine 1, of 252 Watertown street, Newton, who wrenched his left knee while climbing through a third floor window from an extension ladder.

Fireman Tolan was removed to the hospital by Patrolmen Gilbert J. Champagne and James B. Roche.

## Baxter—

(Continued from page 1)

A past president of the Newton Centre Improvement Association, he is currently a member of the board of directors. He is also a director of the Newton Chamber of Commerce and chairman of its legislative committee. In connection with this post he has acquired many valuable contacts in the State House and an understanding of legislative procedure.

The 5th District includes the south side of Newton.

Mr. D. Fine has purchased the brick-frame two-family house at 65-67 Trowbridge avenue from the Joseph H. Yarnall estate.

## Know Your City Government

### The Newton License Commission

By Roy V. Collins, Chairman

Another in a series of feature articles presented by The Graphic as a public service to better acquaint the citizens of Newton with their city government.

Probably it would be best in telling of the License Commission to cover the description in four parts, namely:

1. The origin and life of the License Commission.

2. The personnel of the Commission.

3. The duties and activities of the Commission.

4. The expenses and resources of the Commission.

Upon the repeal of the Eighteenth Amendment to the Constitution of the United States, (the Prohibition Amendment), the Massachusetts Legislature adopted Chapter 120, An Act authorizing and Regulating the Manufacture, Transportation and Sale of Wines and Malt Beverages, in the year 1933. This Act permitted the sale of beverages with an alcoholic content of 3.2 per cent, light wines and beer, for sale in restaurants, clubs and retail stores. On April 18, 1933, Mayor Sinclair Weeks, under the provision of Chapter 120, Acts & Resolves of 1933, decided that license for the sale of wine and malt beverages shall be given in the City of Newton, and appointed a Licensing Commission consisting of William T. Glidden, Jr., of West Newton, Chairman, Bernard L. Gorfinkle of Chestnut Hill, and A. Leslie Moriarty of West Newton.

#### First Appointed in 1933

The first meeting of the newly formed Commission was held on April 18, 1933, and it was voted that temporary licenses be issued expiring June 30, 1933, to Clubs, Restaurants and Retailers. Temporary licenses were issued on April 21, 1933 and between that date and May 3, sixty-seven (67) licenses for the sale of 3.2 per cent wine and malt beverages were issued to restaurants and retailers, with a charge of Fifty (\$50) Dollars for each license.

On June 13, 1933, a special election was held to determine whether or not the citizens of Newton were in favor of continuing the sale of 3.2 per cent wines and malt beverages. The vote was in favor. Soon after this election and up to October 23, 1933, sixty-four (64) licenses were issued consisting of 29 retail store licenses, 28 restaurant, 6 club, and one fraternal club license.

In order to give the voters of the City of Newton a full and fair opportunity to express their views on the sale of alcoholic beverages of all kinds in the City of Newton, Mayor Weeks, acting under the provisions of Section 1 of Chapter 373, Acts and Resolves of Massachusetts 1933, caused to be placed on the official ballot for the regular municipal election, December 12, 1933, the following questions; in accordance with the provisions of Section 1 of Chapter 373:

SECTION 1: If the mayor of a city which holds its annual or biennial municipal election at any time hereafter in the current year so orders, there shall be placed on the official ballot to be used at such election the following questions:—

1. Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, NO (wines and all other alcoholic beverages)

2. Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other NO malt beverages?)

The following directions shall also be placed on said ballot immediately above the following questions:—

To obtain a full expression of opinion, voters should vote on both of the following questions: (a) If a voter desires to permit the sale of any and all alcoholic beverages in this city, he will vote "YES" on both questions.

served from 1933 until 1941 when he resigned. Mr. Gorfinkle resigned in 1934, and Mr. Moriarty served until 1945. Upon the resignation of Mr. Gorfinkle, Hon. John V. Spalding, Justice of the Massachusetts Supreme Court was appointed. Upon the resignation of Commissioner Glidden in 1941, Mayor Paul M. Goddard appointed Roy V. Collins to take his place, and Judge Spalding was appointed Chairman. Upon being appointed judge, Hon. John V. Spalding resigned on May 5, 1942 and Neil Leonard, Esq., was appointed in his place, and I was appointed chairman. Upon the retirement of Mr. Moriarty in 1945, Frederick J. Fessenden, Jr., was appointed in his place by Mayor Goddard. Commissioner Leonard resigned in 1945 and on October 16, 1945, Mayor Goddard appointed Carl F. Schipper, Esq., to take his place. Commissioner Schipper resigned in 1948 and on June 15, 1948, Mayor Theodore R. Lockwood appointed Matt B. Jones, Jr., to take his place. In 1949, Commissioner Jones resigned and on May 13, 1949, Mayor Lockwood appointed David Greer, Esq., to take his place. The Commission now consists of Roy V. Collins, Chairman, Frederick J. Fessenden, Jr., and David Greer, Esq. Miss Mulligan is a full time civil service employee and receives a regular salary, but the License Commissioners, like many other Newton public officials, serve without compensation merely to render public service. In addition to the executive secretary and the three commissioners, the Commission delegates its authority to a number of police officers.

QUESTION: Briefly, what are the duties and activities of the License Commission?

ANSWER: The License Commissioners are appointed by the Mayor but are State officials and, while appointed by the Mayor, cannot be removed by him except under certain conditions. A commissioner can be removed only under charges. These charges are heard by the Mayor and the Mayor can render his decision in accordance with the evidence produced. This decision can be appealed to the courts. The Commission has the issuing of all common victualler licenses and all liquor licenses. Licenses for liquor to be consumed on the premises can only be issued to those having common victualler licenses. The Commission has the right to issue local regulations for the City of Newton and have issued the ones they deem necessary for our type city. They have the right to enter all licensed premises and inspect all parts of the same at any time. The

police who have been given the authority by us can do the same and they inspect all licensed premises and report to the Commission on the same monthly. In addition, the Commissioners make several inspections each year. In cases of violations of the law or our regulations, upon complaint, the commission gives the licensee a hearing where legal evidence must be produced. The Commission determines whether or not the charge is sustained and if it is, the Commission determines the punishment which usually consists of suspension of the license for a period of time. In some cases the licenses have been revoked. The Commission's decision on liquor licenses can be appealed to the State Alcoholic Beverages Control Commission, while our action on common victualler licenses can only be appealed to the courts, which is a difficult matter.

QUESTION: In these times of high taxes, the citizens are particularly interested in finances. Is your Commission insofar as finances are concerned, an asset or a liability to the city?

ANSWER: The only sums paid out for our Commission, are the secretary's salary, and small items such as printing and office supplies.

At the present time the fees for licenses are as follows:

Package Store, All Kinds of Alcoholic Beverages, \$1000.

Package Store, Wine and Malt, \$300.

Druggist, All Kinds of Alcoholic Beverages, \$300.

Restaurant, All Kinds of Alcoholic Beverages, \$800.

Restaurant, Wine and Malt, \$300.

Clubs, All Kinds of Alcoholic Beverages, \$500

And the types of licenses in the city today consist of:—

16 package store, all kinds of alcoholic beverages

16 wine and malt package stores

17 restaurants, all kinds of alcoholic beverages

12 restaurants, wines and malt beverages

4 golf clubs

1 fraternal club

1 seasonal malt

6 druggist, all kinds of alcoholic beverages

84 common victuallers.

In 1948 our total revenue was \$42,956, and the total revenue collected to date by this Commission is approximately \$606,694.75, so it can be sure that this department is financially a material asset each year to the City.

QUESTION: As Newton has only allowed liquor licenses in

comparatively recent years, can you tell us whether or not the citizens, as a whole, are satisfied with the operation of these licenses and whether or not the liquor licensed establishments have been law abiding?

ANSWER: The citizens, as a whole, we believe, are satisfied with the operation of these licenses which is shown by the fact that they continue to vote them in at the elections semi-annually. In order to keep these establishments of the proper kind, we investigate most carefully the history of applicants and where their past records have been unsatisfactory, we refuse these licenses, and this has occurred in many instances. The type of license which we believe would be the least desirable is the tavern license for this type is for purely a liquor drinking establishment for men only, and no common victualler license is required. In other words, it is practically an old fashioned saloon. Taverns have never been allowed in the city.

As a whole, the establishments having liquor licenses have been a law abiding group. During the eight and one-half years that I have been a member of the Newton License Commission, there has been but one instance of an infraction of the law by any of the package stores. Among the restaurants having liquor licenses, there have been about three or four violations a year and these are confined to a very few restaurants, some of them having had more than one violation through the years. Where violations of the law occur repeatedly, the Board, after hearing, revokes the license, and this has occurred in two instances since I have been a member of the Commission.

Legal Evidence Necessary

Some of our citizens do not understand that we are unable to punish a license holder unless we have legal evidence of a violation of the law or of our regulations. In other words, it is necessary that a person who has actually witnessed the violation appear at the hearing and give testimony of the violation. The accused has a right to be represented by counsel, and the hearing is conducted similar to court procedure. Fairly frequently, a citizen will report that he saw an intoxicated person coming out of a licensed establishment and feels there is evidence of law violation by that establishment, as it is against the law to sell liquor to an intoxicated person. However, this is not evidence of a violation of the law. In many instances, the intoxicated one

enters and is ejected by the proprietor, which is proper.

Also, to maintain the best traditions of our City, we do not allow any liquor to be sold in any licensed establishments, including restaurants, on Sunday, and by druggists only on doctors' prescription.

Finally, in justice to the restaurants having alcoholic beverage licenses, I would say that the great majority of them have never been guilty of violating the law or any of our regulations.

## Services Held For Former Fire Chief John L. Keating

Funeral services for retired Fire Chief John L. Keating who died in Newburyport last Thursday, after a long illness, were held Monday from the Lacy Funeral Home in Brookline, with a solemn requiem mass in Sacred Heart Church, Newton Centre.

The services were largely attended by city officials, delegations of civic and fraternal organizations and fifty fire chiefs of the State.

The mass was celebrated by Rev. Arthur McClory, Rev. Martin Dolphin, and Rev. Francis Goss of the Sacred Heart Church. Seated within the sanctuary were Msgr. Eric F. McKenzie of the Sacred Heart Church; Rev. Bernard Tobin of the Franciscan Monastery, Brookline, Rev. Daniel Tagliano of Haverhill; Rev. Thomas Murphy of Corpus Rev. William Reardon of Jamaica Plain, and Rev. Francis P. Sullivan, fire chaplain of St. Bernard's Church, West Newton. Also present was Rev. Richard P. McClintock, rector of the Church of the Messiah, Auburndale, and chaplain of the Fire Department.

Chief Richard M. Salome of the Needham Fire Department, first vice-president, led the delegation of the Massachusetts Fire Chiefs Club, which also included Chief William C. McElroy of Brookline; former Chief John A. O'Hearn of Watertown; Chief Albert Kimball of Hingham, Chief John Hartnet of Dedham, Chief Albert Brown of Natick, Chief Joseph Scanlon of Lynn, Chief James Callahan of Winchester, Chief Clifford Jacobs of Wake-

field, Chief Michael Kane of Woburn and Chief Thomas Slamin of Wellesley.

About 100 members of the Newton Fire Department were led by Chief John E. Corcoran and the Newton Police Department was represented by Chief Philip Purcell and Lt. Daniel E. C. Wiley. Mayor Theodore R. Lockwood led the group of Newton city officials. Delegations were also present from the Newton Lodge of Elks, Kiwanis Club and Newton Council, K. of C.

Chief Keating was a native of Newton and a resident here almost all his life. He was chief of the department from January, 1943, until his retirement on February 6, 1949.

He was born in Newton Centre February 4, 1900, and was appointed to the Fire Department

## Memorial Service Held for Isabel Lawrence Strong

A memorial service was held at the Newton Cemetery Chapel January 19 for Miss Isabel Lawrence Strong, who died at her home in Winter Park, Fla., on January 10 in her 81st year.

Miss Strong was the daughter of William Chamberlain Strong and Mary Jane (Davis) Strong. She was born in Brighton on February 2, 1869. Her father was the leading spirit in establishing the village of Waban, settling in that locality in 1875. Miss Strong attended Smith, Radcliffe and Rollins colleges. She then graduated from the Massachusetts General Hospital and the following year from the Queen Charlotte Lying-In Hospital in London, England. For six years she was instructor of attendants for the Massachusetts Emergency and Hygienic Association of Boston, later becoming superintendent of the District Nursing Association of Columbus, Ohio. Then followed a distinguished career in her chosen field in Washington, D. C. In 1944 she published the town history "Waban, Early Days" as a memorial for her father and also established the William Chamberlain Strong Memorial Fund for books for the Waban Library.

For some years she had divided her time between Winter Park, Fla., and her summer home at Deer Isle, Me., stopping in Boston and vicinity on her way in the spring and fall. An earlier service was held in Winter Park on January 12.

## Why Should a Dollar's Worth of Travel Continue to Cost You \$1.15?

**"IS THIS TRIP NECESSARY?"** you were asked in 1941, when every inch of space was needed for troops and war supplies.

To discourage travel then, a tax was added on your travel dollar, a tax that grew to 15% during the war. The Federal Government collected it through the railroads. The Government still collects it, though your travel need not be rationed now.

Today, the original purpose of this tax is as obsolete as an Air Warden's helmet. But, four years after the war's end, YOU are still paying the Government at the rate of \$250,000,000 a year in travel tax.

And, of the billion and three quarters collected since 1941, over half came out of your pocket after the green light on travel went on again.

You don't have food rationing today... you don't have gasoline rationing today.

Yet, a very real brake is still being put on travel. On a coach trip from New York to Chicago, for example, YOU are still paying \$4.61 in Federal tax.

And the same with the goods that are shipped to your home community. On every dollar you pay for freight, you pay the Government an extra 3 cents (4¢ a ton on coal). That means YOU are still paying over \$300,000,000 a year —freight tax alone.

**This tax should be repealed NOW.** There is no longer any reason you should pay \$1.15 for every dollar's worth of travel... \$1.03 for every dollar of railroad freight.
